March 28, 2017

COPsync Announces CEO Departure

DALLAS, March 28, 2017 /PRNewswire/ -- COPsync, Inc. (NASDAQ: COYN) today announced that on March 24, 2017, the Board of Directors (the "Board") of COPsync, Inc. dismissed Ronald A. Woessner as Chief Executive Officer and terminated his employment. Mr. Woessner did not have an employment agreement and remains a director of the Board. At the same meeting, the Board appointed Mr. Philip J. Anderson as Interim Chief Executive Officer. Mr. Anderson remains as Chief Financial Officer.

The COPsync Network™ is an advanced communication and information sharing system that protects citizens from violence and domestic terrorism. Community and officer security is increased with advance warnings of dangerous people and real-time notification of crimes in progress. The COPsync911™ threat-alert system safeguards schools and keeps America's children safer and protects other high-risk targets such as courthouses, government buildings and energy infrastructure. COPsync's systems can save minutes when seconds count, save lives and protect citizens and communities.

About COPsync, Inc.

COPsync, Inc. (NASDAQ: COYN) is a technology company that connects law enforcement officers across the nation, so they can communicate and share mission-critical non-adjudicated information in real-time. This saves officers' lives and keeps the public safer; helps law enforcement officers catch criminals and stop child kidnappings, vehicle thefts, bank robberies and other crimes in progress; and arms the nation's law enforcement officers with needed information so they can help defend against terrorism.
