## **InterCloud Systems Awarded New Contracts Valued at Over \$2.6 Million**

SHREWSBURY, N.J., Sept. 08, 2016 (GLOBE NEWSWIRE) -- InterCloud Systems, Inc. (the "Company" or "InterCloud") (NASDAQ:ICLD), a leading provider of cloud networking orchestration and automation solutions and services, today announced that it was recently awarded over \$2.6 million in new contracts for professional services for new and existing customers. A majority of the work is expected to begin immediately.

Mark Munro, CEO of InterCloud Systems stated: "We announced last week that we have undertaken measures to reduce our operating expenditures, restructure our debt, and divest ourselves of non-core assets. Notwithstanding these cost cutting measures, we continue to drive revenue from legacy IT services as well as new cloud services. InterCloud continues to build revenue from a significant pipeline of potential new business. We are receiving new contracts from some of the world's largest service providers and enterprise customers and providing solutions as they transition from legacy IT hardware to virtualized networking services."

Mr. Munro continued: "We believe that our cost cutting measures and continued debt reduction will enable the Company to achieve positive and sustainable net income in the near future."

About InterCloud Systems, Inc.

InterCloud Systems, Inc. is a leading provider of cloud networking orchestration and automation, for Software Defined Networking (SDN) and Network Function Virtualization (NFV) cloud environments to the telecommunications service provider (carrier) and corporate enterprise markets through cloud solutions and professional services. InterCloud's cloud solutions offer enterprise and service-provider customers the opportunity to adopt an operational expense model by outsourcing cloud deployment and management to InterCloud rather than the capital expense model that has dominated in recent decades in IT infrastructure management.
