Pazoo, Inc. Subsidiary MA and Associates, LLC Bring in First Revenue

FLORHAM PARK, N.J., May 16, 2017 /PRNewswire/ -- Pazoo, Inc. (OTC Pinks: PZOO) is pleased to announce that its subsidiary, MA & Associates, LLC (MA), a State of Nevada licensed marijuana testing laboratory in Las Vegas, has recorded its first transaction resulting in billing its first revenues.

Over the last several weeks, MA ran simulated tests to process samples in order to fine tune all aspects of its laboratory operations including order processing and laboratory methods so that lab and client service would be best-in-class for the entire State of Nevada. The senior staff wanted to achieve this benchmark so that potential MA clients would be confident and extremely satisfied with MA's laboratory and account services, as well as the accurate and reliable test results that will follow from the state-of-the art technology and precise methodology used. With the achievement of the aforementioned benchmark, MA took the next step and went from simulated sample testing to testing samples from the licensed marketplace which has resulted in MA's first revenue. The lab employees are very excited to now be servicing the growing medical marijuana marketplace in Nevada and being part of this new industry's safeguards for the medical marijuana patients and the medical marijuana community of Nevada, in general.

CEO of Pazoo, David Cunic, stated, "Everyone at Pazoo as well as MA is extremely excited about the lab bringing in revenues. This has been a long time coming, and to see it finally become a reality is amazing. We wanted to ensure lab operations and account services were done the proper way before taking in revenue. With that being said, we want to thank the shareholders, the investors, and our customers for their patience as they were all very eager to have us open. We look forward to reconnecting with the many operators who asked to work with us as new customers, turning our LOI's into paying customers, and servicing the State of Nevada with our much needed testing services"

About Pazoo, Inc:

Pazoo, Inc. is a company focused on health, wellness and safety. Our focus is to provide best-in-class laboratory testing of cannabis and cannabinoids to protect consumers from impurities, contaminants and other irregularities. Through our wholly owned subsidiaries, Harris Lee and MA & Associates, Pazoo provides industry leading laboratory testing of cannabis. Pazoo is licensed to test cannabis in Nevada, with a focus on expansion into

other states. Additionally, Pazoo delivers a comprehensive array of health and wellness information on its website <http://pazoo.com>, and features industry experts from both the health and wellness arena and the pet industry. Lastly, our newly formed wholly owned subsidiary CK Distribution LLC, provides the marketing and sales agent for the distribution of non-controlled hemp products throughout the USA. Non-controlled hemp products are the items utilized by the industry that support grow facilities, infusion companies and dispensaries.
