Provision Holding to Present at Maxim Group Consumer Technology Conference

CEO Curt Thornton will address the Conference June 6th in New York City

CHATSWORTH, Calif., June 01, 2017 (GLOBE NEWSWIRE) -- Provision Interactive Technologies, Inc. ("Provision"), a subsidiary of Provision Holding, Inc. (OTCQB:PVHO), the market leader in 3D holographic consumer advertising technology, today announced that the Company will participate in the Maxim Group Consumer Technology Conference in New York City on Tuesday, June 6, 2017. Curt Thornton, President and CEO of Provision, will be giving the presentation, participating on a panel discussion focused on the future of e-commerce, and will also hold one-on-one investor meetings during the conference.

"Provision is a market leader for innovative, consumer-focused companies. We are looking forward to connecting with the technology community at the conference and demonstrating how our 3D advertising displays are designed to increase in-store engagement, coupon redemption and point-of-purchase activity," said Provision President and CEO Curt Thornton.

Provision's patented interactive displays, built on proprietary technology, deliver 3D holographic products to target audiences. Its interactive display technologies deliver images to engage with and inform customers at point-of-sale and in-store advertising locations in a dramatic and persuasive manner, thereby influencing customers in their purchase-making decisions.

For more information about the conference or to schedule a one-on-one meeting with Provision Holding, please contact Maryellen Sofiste at the Maxim Group at msofiste@maximgrp.com

About Provision Interactive Technologies, Inc.

Provision Interactive Technologies, Inc., a subsidiary of the publicly traded company Provision Holding, Inc. (OTCQB:PVHO), is the leading purveyor of intelligent interactive 3D holographic display technologies, software, and integrated solutions for both commercial and consumer focused applications.

Provision's 3D holographic display systems represent a revolutionary technology that provides the projection of full color, high-resolution videos into space detached from the screen, without any special glasses. Provision is currently the market leader in true 3D consumer advertising display products being implemented by innovative, consumer-focused companies.

Provision Holding, Inc. (OTCQB:PVHO) trades on the OTCQB venture stage marketplace for early stage and developing U.S. and international companies. Companies are current in their reporting and undergo an annual verification and management certification process. Investors can find Real-Time quotes and market information for the company on www.otcmarkets.com.
