Arotech Reports Initial Orders of \$1.3 Million in Tactical Military Communications Batteries

ANN ARBOR, MI -- (Marketwire) -- 11/15/12 -- Arotech Corporation (NASDAQ: ARTX), a provider of quality defense and security products for the military, law enforcement and security markets, announced today that its Battery and Power Systems Division received initial orders of \$1.3 million for tactical military communications batteries from an overseas defense department.

"This \$1.3 million is the first part of an entirely new larger order that we expect to total \$3.8 million," said Robert S. Ehrlich, Arotech's Chairman and Chief Executive Officer. "We will announce receipt of the remainder of the order when it is issued," noted Ehrlich.

About Arotech's Battery and Power Systems Division

Arotech's Battery and Power Systems Division is a leading provider of primary and rechargeable batteries and chargers for defense and other military applications. Arotech develops and produces high power zinc-air batteries and is believed to be the sole supplier of this technology to the U.S. military. In addition, Arotech develops high-end primary and secondary batteries and associated chargers and has vast experience in working with government agencies, the military and large corporations.

The Battery and Power Systems Division consists of Electric Fuel Battery Corporation and Epsilon-Electric Fuel Ltd.

About Arotech Corporation

Arotech Corporation is a leading provider of quality defense and security products for the military, law enforcement and homeland security markets. Arotech provides multimedia interactive simulators/trainers and advanced zinc-air and lithium batteries and chargers. Arotech operates through two major business divisions: Training and Simulation, and Batteries and Power Systems.

Arotech is incorporated in Delaware, with corporate offices in Ann Arbor, Michigan and research, development and production subsidiaries in Alabama, Michigan and Israel.

Except for the historical information herein, the matters discussed in this news release include forward-looking statements, as defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements reflect management's current knowledge, assumptions, judgment and expectations regarding future performance or events. Although management believes that the expectations reflected in such statements are reasonable, readers are cautioned not to place undue reliance on these forward-looking statements, as they are subject to various risks and uncertainties that may cause actual results to vary materially.

These risks and uncertainties include, but are not limited to, risks relating to: product and technology development; the uncertainty of the market for Arotech's products; changing economic conditions; delay, cancellation or non-renewal, in whole or in part, of contracts or of purchase orders; Arotech's ability to remain listed on the Nasdaq Stock Market in accordance with the Nasdaq's \$1.00 minimum bid price and other continued listing standards; and other risk factors detailed in Arotech's most recent Annual Report on Form 10-K for the fiscal year ended December 31, 2011 and other filings with the Securities and Exchange Commission. Arotech assumes no obligation to update the information in this release.
