# Revolution Lighting Technologies to Partner With Rexel Holdings USA to Offer Its Led Lighting Solutions

## Leading National Distributor and Its Divisions to Offer Revolution Lighting LED Product to Its Industrial, Residential and Commercial Customers

STAMFORD, CT -- (Marketwired) -- 01/26/16 -- Revolution Lighting Technologies (NASDAQ: RVLT), a leader in advanced LED lighting technology solutions, today announced it will partner with leading national distributor of electrical supplies and services, [Rexel Holdings USA](#) for the sale of its LED lighting solutions. Revolution Lighting's LED product to be offered by Rexel Holdings USA and its divisions, Rexel, Rexel Energy Solutions, Gexpro, Platt and Capitol Light to its customers within the industrial, residential and commercial markets.

"We are pleased to partner with Rexel Holdings USA to offer the highest quality LED lighting solutions for its customers, including extensive electrical contractors and energy services companies (ESCO)," said Vincent Alonzi, Group President, Revolution Lighting Technologies. "Revolution Lighting's Thin Panel fixtures and line of tubes including 'Uni-Fit' T5 LED Tube have been ordered by its energy division, Rexel Energy Solutions that will offer its customers the most visible, positive energy efficiency impact."

Rexel Holdings USA is a company of the world's leading electrical distributor, Rexel Worldwide, with 2014 global sales totaling 13.1B Euro. Based on this new partnership, Revolution Lighting's LED product will be offered through Rexel Holdings USA and its divisions, including online and over 500 national retail locations.

"We are excited to work with Rexel Holdings USA, a leader in electrical supply distribution within the U.S., providing a tremendous market opportunity and key next step in the strategic growth of Revolution Lighting," said Robert V. LaPenta, CEO and Chairman of Revolution Lighting. "Selection as a trusted partner by Rexel Holdings USA and its divisions, validates the confidence in our company as a leader to transform lighting into a source of superior energy savings, quality light and well-being."
