Cleartronic, Inc. (CLRI) Subsidiary Signs Agreement with Houston-Galveston Area Council

BOCA RATON, FL -- (Marketwired) -- 05/21/15 -- Cleartronic, Inc. (OTC PINK: CLRI) announces that its subsidiary, ReadyOp Communications, Inc., signed a three year agreement with the Houston-Galveston Area Council (H-GAC) to participate in their "HGACBuy" program.

[H-GAC's Cooperative Purchasing Program](#), known as "[HGACBuy](#)," allows local governments and certain non-profits to use contracts appropriately established by another government entity. Over 6,000 government agencies and non-profits participate in "HGACBuy," including the purchasing of the annual subscriptions for ReadyOp™.

[ReadyOp™ is a secure, web-based platform](#) providing organizations with a single site for planning, response, communications and documentation of personnel, tasks, assets and activities.

"[ReadyOp™](#) is already in use by many federal, state and local government agencies, hospitals, schools, universities, ports and airports, and has been for several years. Adding the capability for government agencies and non-profits to purchase through 'HGACBuy' allows our prospective customers an easier, faster way to purchase the annual licensing for ReadyOp™, plus the radio interoperability capability," said Marc Moore, CEO of ReadyOp Communications, Inc.

A political subdivision of the State of Texas, H-GAC has been serving local governments for more than 30 years. "[HGACBuy](#) is a nationwide program, making the governmental procurement process more efficient by establishing competitively priced contracts for goods and services. The participating members of "HGACBuy" have been awarded contracts by virtue of a public competitive procurement process, compliant with state statutes. All "HGACBuy" products and services have been subjected to a competitive bid or proposal process, subsequently resulting in the award of a blanket contract(s).

"ReadyOp™ supports daily operations and special event planning plus incident management, emergency response, recovery and continuity of operations. 'HGACBuy' approval means that thousands of government agencies in our target markets can purchase their ReadyOp™ annual subscription without the normal competitive bidding process," said Larry Reid, CEO of Cleartronic.
