Yoram Golandsky, CEO of CybeRisk(TM), Named a Trailblazer in CyberSecurity by the National Law Journal

EAST PALO ALTO, CA -- (Marketwired) -- 12/17/15 -- Finjan Holdings, Inc. (NASDAQ: FNJN), a cybersecurity company, today announced that Yoram Golandsky, Chief Executive Officer of CybeRisk Security Solutions, LTD., has been named to the *National Law Journal's* inaugural list of Trailblazers in Cybersecurity and Data Protection. The list honors 50 trailblazers who have made an impact in the fight against criminal cyber activity by adding layers of security to protect data as the world becomes increasingly digital. The honorees were featured in the December 14th issue of the legal journal.

Yoram Golandsky was an early pioneer of internet and data security issues as over 20 years ago he had access to the internet and explored the huge implications of privacy issues. Since that time, he has focused his career on technology and helping those in the corporate world to assess their risk and add layers of security to protect their data. He has adapted military red team and war game methodologies to expand cybersecurity from a technical incident to a higher level of crisis management business issue. He works across corporate organizations with the technical team, C-level executives, up to the board level, to ask the right questions and provide the right solutions.

Yoram was named CEO of CybeRisk in 2015. In this role, he is responsible for overall strategic vision and initiating a strong customer base. Prior to CybeRisk he was General Manager of Cisco's Cyber Security Center of Excellence where he also led the Red Team and War Gaming global practice. Prior to Cisco, Mr. Golandsky was the founder and CEO of Security Art Ltd. providing worldwide cybersecurity and information risk management services. In this role he oversaw R&D and built upon his operational and business management skills. Yoram has also held senior roles at EMC where he was Head of Information Security for RSA consumer division and PricewaterhouseCoopers where he served as Chief Information Security Manager. Mr. Golandsky began his career in the Israeli defence forces and until recently continued his service as a reserve Major.
