# Finjan Closes 2015 by Granting Another Multi-Million Dollar License, Settlement and Release Agreement to a US-Based Network Security Company

EAST PALO ALTO, CA -- (Marketwired) -- 01/04/16 -- Finjan Holdings, Inc. (NASDAQ: FNJN), a cybersecurity company, announced that on December 30, 2015, its wholly-owned subsidiary, Finjan, Inc. ("Finjan"), entered into a multi-million dollar Patent License, Settlement and Release Agreement (the "Agreement"), with another US-based network security company. The terms of the Agreement are confidential.

"This Patent License Agreement is one more milestone in Finjan's licensing program as we closed 2015 with a successful, amicable, business-negotiated patent license agreement consistent with our Licensing Best Practices," said Julie Mar-Spinola, Finjan Holding's CIPD and VP, Legal. "This is the second license to the Finjan portfolio in as many months. While many see strong headwinds in the intellectual property licensing space, in contrast we are seeing momentum in our licensing program entering into 2016. It is reassuring to see that we are able to enter into licensing agreements without always resorting to costly and inefficient litigation."

## **ABOUT FINJAN**

Established nearly 20 years ago, Finjan is a globally recognized leader in cybersecurity. Finjan's inventions are embedded within a strong portfolio of patents focusing on software and hardware technologies capable of proactively detecting previously unknown and emerging threats on a real-time, behavior-based basis.
