Volt Information Sciences to Ring the NYSE Closing Bell on Tuesday, September 3rd

NEW YORK--(BUSINESS WIRE)-- Volt Information Sciences, Inc. (NYSE-AMERICAN:VISI) today announced that members of its board of directors and management team will ring the NYSE Closing Bell this afternoon to celebrate the Company's new ticker symbol on the New York Stock Exchange. As previously announced, on Monday, September 9, 2019, the Company's ticker will change to "VOLT" from "VISI".

Linda Perneau, Volt's President and Chief Executive Officer, commented, "Volt has been a strong, recognizable brand in the industry for over 60 years. What better way to honor the legacy of our organization than by ringing the closing bell at the NYSE to commemorate this ticker symbol change. It further affirms our pride and confidence in Volt as we continue on our transformation journey."

The Closing Bell® will ring at 4:00 p.m. Eastern time and can be viewed live on the NYSE's website at www.nyse.com. Photos and video of the bell ringing will be available via Facebook and Twitter @NYSE.

No action is needed from Volt's current stockholders relative to the ticker symbol change. The common stock will continue to be listed on the NYSE and the CUSIP will remain unchanged as 928703107.

About Volt Information Sciences, Inc.

Volt Information Sciences, Inc. is a global provider of staffing services (traditional time and materials-based as well as project-based). Our staffing services consist of workforce solutions that include providing contingent workers, personnel recruitment services, and managed staffing services programs supporting primarily administrative, technical, information technology, light-industrial and engineering positions. Our managed staffing programs involve managing the procurement and on-boarding of contingent workers from multiple providers. Volt services global industries including aerospace, automotive, banking and finance, consumer electronics, information technology, insurance, life sciences, manufacturing, media and entertainment, pharmaceutical, software, telecommunications, transportation, and utilities. For more information, visit www.volt.com.
