Dividends declared per share	\$ 0.050	\$ 0.045	\$ 0.095	\$ 0.085

Financial Results

VSE revenues increased approximately \$3.4 million (up 1%) and \$55 million (up 13%) for the three and six month periods of 2009 compared to the same periods of 2008. The increase is primarily due to: the Route Clearing Vehicle Modernization Program in our Communications and Engineering Division (CED); an increase in International Group revenues; growth in the equipment refurbishment services provided by our Engineering and Logistics Division (ELD); and an increase in G&B Solutions (G&B) revenues due partly to G&B's inclusion in our financial results for a full six months in 2009.

VSE net income increased approximately \$1.7 million (up 35%) and \$2.7 million (up 32%) for the three and six month periods of 2009 compared to the same periods of 2008. The increase in net income was primarily due to profits on our ELD equipment refurbishment services; the inclusion of G&B in our financial results for a full six months in 2009; and profits on the Route Clearing Vehicle Modernization Program.

VSE's funded backlog was approximately \$536 million at June 30, 2009 compared to approximately \$567 million at December 31, 2008.

CEO Comments

VSE CEO Mo Gauthier commented, "Our second quarter net income reflects an improvement consistent with our previously stated goal of increasing our profit margins. Since the beginning of 2009 we have added approximately 500 new employees as we increase our revenue generated by direct labor as compared to revenue from subcontractors. We believe that our position in the DoD market and our growth in Federal Civilian agencies will position us for steady and incremental progress; however the government funding priorities during this transition year may impact us in ways that are not anticipated. We look forward to reporting on our progress."

VSE Services

VSE marked its 50th year as a government contractor in January 2009. Established in 1959, VSE is a diversified professional services company providing engineering and consulting services, systems integration, infrastructure support, and information technology management and solutions, principally to agencies of the United States Government and other government prime contractors at locations across the United States and around the world. For additional information on VSE services and products, please see our web site at www.vsecorp.com or contact Randy Hollstein, Corporate Vice President of Sales and Marketing, at (703) 329-3206.

The company encourages investors and others to review the detailed reporting and disclosures contained in VSE public filings for further information and analysis of VSE's financial condition and results of operations. The public filings include additional discussion about the status of specific customer programs and contract awards, risks, revenue sources and funding, dependence on material customers, and management's discussion of short and long term business challenges and opportunities.

Safe Harbor

This news release contains statements which, to the extent they are not recitations of historical fact, constitute "forward looking statements" under federal securities laws. All such statements are intended to be subject to the safe harbor protection provided by applicable securities laws. For discussions identifying some important factors that could cause actual VSE results to differ materially from those anticipated in the forward looking statements in this news release, see VSE's public filings with the Securities and Exchange Commission.
