VSE Reports Financial Results for First Quarter 2017

First Quarter Revenue and Profits Increase Year over Year

ALEXANDRIA, Va.--(BUSINESS WIRE)-- VSE Corporation (Nasdaq: VSEC) reported the following unaudited consolidated financial results for the first quarter of 2017.

CEO Commentary

“Our Federal Services Group drove our revenue increases this quarter as compared to the first quarter of 2016,” said Maurice “Mo” Gauthier, VSE CEO. “Growth in our NAVSEA foreign military sales work centered around two recent ship transfers to Taiwan, and our equipment sustainment and logistics support for the U.S. Army were the main contributors to the first quarter revenue increase. Our funded backlog remains strong based on an excellent bookings quarter. In addition, we anticipate that the new administration’s spending priorities will continue to benefit our DoD revenues. We are also deploying more of our resources to expand the market offerings in our Supply Chain Management and Aviation groups.”

Mr. Gauthier continued, “We are pleased with our revenue, operating profits and opportunities in the near term, and are focusing our efforts on identifying and investing in initiatives to promote long-term sustainable growth.”
