## VSE Reports Financial Results for Third Quarter 2017

*Revenues Flat for Third Quarter and Up 19% Year-to-Date & Strong Cash Flows Result in Reduction of Bank Debt for Third Quarter*

ALEXANDRIA, Va.--(BUSINESS WIRE)-- VSE Corporation (Nasdaq: VSEC) reported the following unaudited consolidated financial results for the third quarter of 2017.

### CEO Commentary

"Revenue from our Federal Services Group increased 36% for the first nine months of 2017, primarily attributable to our Navy Foreign Military Sales (FMS) program and our U.S. Army clients," said Maurice "Mo" Gauthier, VSE CEO. "Our Supply Chain Management Group also has contributed to our revenue increases year-to-date, driven by growth of parts sales for the DoD and commercial vehicle fleets. Our commercial client base now includes companies in food distribution, oil field services, waste management, linen and uniform, commercial long haul shipping, bus transportation, and other clients that have vehicle fleets required to meet mission critical delivery or service schedules. Our Aviation Group had a challenging third quarter. We have launched initiatives to expand our geographic distribution footprint and strengthen our international business development efforts to boost revenues in this group."

Mr. Gauthier continued, "Our success in 2017 has enabled us to reduce our bank debt during the second and third quarters by an aggregate amount of approximately \$35 million."

### Operational Highlights

- Our Federal Services Group was awarded several delivery orders during the third quarter of 2017 under our Foreign Military Sales (FMS) support contract by the Naval Sea Systems Command (NAVSEA) International Fleet Support Program Office totaling approximately \$93 million, as previously reported.
- Revenue from our equipment sustainment, refurbishment, logistics support, and parts supply services for our U.S. Army clients for the first nine months of 2017 increased 55% year over year.
- Our Supply Chain Management Group has increased parts sales to DoD and other government agencies by 83%, and revenue from commercial customers has increased 25% for the first nine months of 2017.
- Bookings in our Federal Services Group were \$398 million for the first nine months of 2017 compared to revenue for this group of \$306 million. Funded contract backlog at September 30, 2017 was \$403 million, compared to \$386 million at June 30, 2017 and \$400 million at September 30, 2016.

## **Financial Information**

Revenues were \$174.2 million in the third quarter of 2017 compared to \$172.8 million in the third quarter of 2016. For the first nine months, revenues were \$565.3 million in 2017 compared to \$476.9 million in 2016. These increases were primarily due to increased revenue from our Federal Services Group. Increased revenues from our Supply Chain Management Group also contributed to revenue growth for the first nine months of 2017.

Operating income was \$12.2 million for the third quarter of 2017 compared to \$13.6 million in the third quarter of 2016. For the first nine months, operating income was \$41.4 million in 2017 compared to \$38.2 million in 2016, primarily attributable to revenue increases in our Federal Services Group. Our 2017 operating results were adversely affected by one contract in our Federal Services Group that reduced operating income by approximately \$1.2 million for the third quarter and \$1.6 million for the first nine months of 2017. We expect no further loss on this contract prior to its expected completion in the fourth quarter of 2017.

Net income was \$6.6 million for the third quarter of 2017, or \$0.61 per diluted share, compared to \$7.1 million, or \$0.65 per diluted share for the third quarter of 2016. Net income was \$21.7 million for the first nine months of 2017, or \$2.00 per diluted share, compared to \$19.6 million, or \$1.81 per diluted share for the first nine months of 2016.

## **Non-GAAP Financial Information**

The non-GAAP Financial Information (unaudited) set forth below is not calculated in accordance with U.S. generally accepted accounting principles (GAAP) under SEC Regulation G. These non-GAAP financial measures consist of EBITDA and Adjusted EBITDA. We consider these non-GAAP financial measures as important indicators of performance and useful metrics for management and investors to evaluate our business' ongoing operating performance on a consistent basis across reporting periods. These adjusted financial measures are intended to highlight non-operational, unusual or non-recurring items. They should not, however, be considered in isolation or as a substitute for performance measures prepared in accordance with GAAP.

EBITDA represents net income before interest expense, income taxes, amortization of intangible assets and depreciation and other amortization. Adjusted EBITDA represents EBITDA (as defined above) adjusted for changes in earn-out obligations from acquisitions.
