We successfully executed on growth initiatives and the results reflect strong third quarter increases in both our Aviation and Supply Chain Management Groups. During the quarter, our Aviation Group expanded repair capabilities with new offerings and was awarded new distribution partnerships; additionally, Aviation won new repair work on strong platforms, supporting both near-term results and future backlog. Our Supply Chain Management Group continued its customer, product and service diversification strategy with success in the quarter. Both businesses have clearly defined strategies for growth and proven success in test markets."

Mr. Cuomo continued, "We are pleased to welcome Rob Moore as President of our Federal Services Group. Rob brings broad federal experience and a proven track record in business development and market expansion that will drive a renewed focus on near and long-term growth opportunities in our federal and defense segment. We are focused on the future of this business group, redefining VSE in the federal marketplace, and aggressively building backlog."

## Non-GAAP Financial Information

The non-GAAP Financial Information (unaudited) set forth below is not calculated in accordance with U.S. generally accepted accounting principles ("GAAP") under SEC Regulation G. We consider EBITDA a non-GAAP financial measure and an important indicator of performance and useful metric for management and investors to evaluate our business' ongoing operating performance on a consistent basis across reporting periods. EBITDA, however, should not be considered in isolation or as a substitute for performance measures prepared in accordance with GAAP. EBITDA represents net income before interest expense, income taxes, amortization of intangible assets and depreciation and other amortization. Adjusted EBITDA represents EBITDA (as defined above) adjusted for executive succession costs, including our CEO and Federal Services Group President transitions and 1st Choice Aerospace acquisition-related costs.

### Supply Chain Management Group

Revenues for our Supply Chain Management Group increased approximately \$3.5 million or 6.8% for the third quarter of 2019 and decreased approximately \$1.1 million or 0.7% for the first nine months of 2019 compared to the same periods of 2018.

Operating income was substantially unchanged for the third quarter and decreased approximately \$1.2 million or 4.9% for the nine months. The decrease in operating income was primarily attributable to an increase in administrative and growth-focused expenses.

### Aviation Group

Revenues for our Aviation Group increased approximately \$25.2 million, or 74.1% for the third quarter and approximately \$61.0 million or 59.5% for the first nine months of 2019, compared to the same periods of 2018. The revenue increase was primarily driven by the addition of revenues from organic growth in both our distribution and repair businesses and results in our 1st Choice Aerospace acquisition from early January 2019.

Operating income increased approximately \$4.4 million or 200.7% for the third quarter and approximately \$7.5 million or 103.3% for the nine months. The increases in operating income were attributable primarily to our 1st Choice Aerospace acquisition and the increases in revenues from our legacy repair and distribution businesses.

### Federal Services Group

Revenues for our Federal Services Group were substantially unchanged for the third quarter of 2019 and decreased approximately \$18.8 million or 7.5% for the first nine months of 2019 as compared to the same periods of 2018.

Operating income decreased approximately \$1.7 million or 26.9% for the third quarter and increased approximately \$698 thousand or 5.7% for the nine months. The decrease in operating income for the quarter was primarily attributable to the gain on sale of a contract in 2018. Revenue declines for the nine months occurred in our lower margin work, resulting in minimal loss of operating income. We have increased operating income for this group

through margin improvements on our other work.

Bookings in our Federal Services Group were \$190 million for the first nine months of 2019 compared to revenue for this group of \$233 million. Funded contract backlog on September 30, 2019 was \$252 million, compared to \$269 million on June 30, 2019 and \$345 million on September 30, 2018.
