LiveDeal Inc. Comments on Recent ATM Offering

LAS VEGAS-- LiveDeal Inc. (NASDAQ:LIVE) ("LiveDeal" or the "Company"), a publicly traded company that operates livedeal.com, a geo-location based mobile marketing platform that enables restaurants to publish "real-time" and "instant offers" to nearby consumers, today provides clarification of its recent filing in connection with an at-the-market offering of its common stock.

As previously disclosed, the Company filed a "shelf" Registration Statement on Form S-3 with the SEC, which was declared effective on April 11, 2014. Under that shelf registration, the Company may, from time to time, sell up to \$50,000,000 in securities. On May 20, 2014, the company filed a prospectus supplement, which disclosed that the company engaged Chardan Capital Markets LLC to act as agent in an at-the-market offering of up to 10,000,000 shares of common stock. This enables the company to sell, at such times as it deems appropriate, shares of common stock in the open market through Chardan acting as agent. As disclosed in the Company's Quarterly Report on Form 10-Q filed on May 20, 2014, to date, the Company has sold 1,000 shares under the prospectus supplement.

"It is important that we clarify to our investors that the filing of the prospectus supplement and engaging Chardan to act as agent in an at-the-market offering was designed to give us the flexibility to raise additional capital from time to time. Aside from the 1,000 shares of common stock that was sold, no other shares have been sold under the prospectus supplement at this time," said Jon Isaac, CEO of LiveDeal, Inc. "At such time in the future that we determine it is prudent to raise additional capital, we will be able to do so quickly."
