# Finjan Mobile Issued its First U.S. Patent

## Continues to Develop and Integrate Advanced Technology into Mobile Security Products

EAST PALO ALTO, CA -- (Marketwired) -- 01/30/17 -- [Finjan Holdings](#), Inc. (NASDAQ: FNJN), a cybersecurity company, today announced that its subsidiary, [Finjan Mobile, Inc.](#), received its first patent. U.S. Patent No. 9,554,279 was issued on January 24, 2017, and is titled "Authorized Areas of Authentication."

"Finjan's return to development and reclaiming of its position as a leading cybersecurity technology company has been aggressive and purposeful. The issuance of our first patent in Finjan Mobile is a huge milestone," said Phil Hartstein, President and CEO of Finjan Holdings. "While we are using many of Finjan's existing patents in our Mobile products, it remains essential that we meet the growing consumer demand for privacy and protection, which is why we continue to innovate outside of our landmark technology and are working to offer the best-in-class mobile privacy and security offerings in our products."

[Finjan Mobile](#) is focused on providing state-of-the-art cyber technologies in a mobile platform, previously only available in business and enterprise applications. Much of Finjan's early patented inventions form the base of Finjan Mobile's VitalSecurity Secure Browser with development of new technologies continuing today, as demonstrated by the current patent issuance. The Gen3 VitalSecurity offering is being installed on roughly 1000 new devices each day. Additional features and functions are expected in Gen3.5 with a planned launch in the first quarter of 2017. Finjan Mobile's VitalSecurity products are available for download on [Android](#) and [iOS](#) platform devices.
