Volt Information Sciences to Host Third Quarter Fiscal Year 2014 Earnings Conference Call September 12th

NEW YORK--(BUSINESS WIRE)-- Volt Information Sciences, Inc. (NYSEMKT:VISI) today announced that it will release its third quarter fiscal year 2014 results on Friday, September 12th prior to the market opening, and will host a live conference call and webcast at 10:00 a.m. ET. Ron Kochman, President and Chief Executive Officer, and James Whitney, Senior Vice President and Chief Financial Officer, will discuss the quarter's results and accomplishments. Prepared remarks will be followed by a brief question and answer session.

To access the call, participants may dial (877) 887-1134 (U.S.) or (412) 317-1086 (International) and specify "Volt Information Sciences Earnings Conference Call". An audio replay of the call will be available for one week following the event. The replay can be accessed by dialing (877) 344-7529 (U.S.) or (412) 317-0088 (International), access code 10052078. The conference call will be simultaneously webcast through the Company's website at www.volt.com in the Investors & Governance section.

About Volt Information Sciences, Inc.

Volt Information Sciences, Inc. is an international provider of staffing services (traditional time and materials based as well as project based), contact center computer systems, information technology and telecommunications infrastructure services, and telephone directory publishing and printing in Uruguay. Our staffing services include a suite of workforce solutions that include providing contingent personnel, personnel recruitment services, and managed staffing services programs supporting primarily professional administration, technical, information technology and engineering positions. Our contact center computer systems provide the functionality for telecommunications company directory assistance services and for corporate and government call centers, operator services, and database management. Our information technology infrastructure services provide a single-source alternative to original equipment manufacturer and other independent IT service providers for server, storage, network and desktop IT hardware maintenance, data center and network monitoring and operations, and designing, deploying and supporting corporate technology upgrade and refresh programs, as well as design, engineering, construction, installation and maintenance of voice, data, video and utility infrastructure. For more information visit www.volt.com.

Forward-Looking Statements

This press release contains forward-looking statements that are subject to a number of known and unknown risks, including, among others, general economic, competitive and other business conditions, the degree and timing of customer utilization and rate of renewals of contracts with the company, and the degree of success of business improvement

initiatives that could cause actual results, performance and achievements to differ materially from those described or implied in the forward-looking statements. Information concerning these and other factors that could cause actual results to differ materially from those in the forward-looking statements are contained in company reports filed with the Securities and Exchange Commission. Copies of the company's latest Annual Report on Form 10-K and subsequent Quarterly Reports on Form 10-Q, as filed with the Securities and Exchange Commission, are available without charge upon request to Volt Information Sciences, Inc., 1065 Avenue of the Americas, New York, New York 10018, Attention: Shareholder Relations, 212-704-7921. These and other SEC filings by the company are also available to the public over the Internet at the SEC's website at <http://www.sec.gov> and at the company's website at <http://www.volt.com> in the Investor & Governance section.
