

# Digital Turbine Ignite Now Available on Several Smartphones from Verizon Wireless

# **New Software Helps Customers Manage their App Experience**

AUSTIN, Texas and NEW YORK, Nov. 11, 2014 /PRNewswire/ -- Mandalay Digital Group, Inc. (Nasdaq: MNDL), a leading provider of mobile technology solutions through its wholly owned subsidiary Digital Turbine, and Verizon, announced today that Digital Turbine Ignite is currently available on a number of Verizon Wireless smartphones and will be added to more over the next several quarters. The Ignite software redefines pre-loaded applications and enables customers to completely uninstall applications they do not want on their device.

"DT Ignite launched with Verizon Wireless on the LG G3 in July and, we are expanding the relationship to include additional mobile devices through this year and next," said Bill Stone, Chief Executive Officer of Digital Turbine.

Digital Turbine and Verizon have a multi-year agreement that includes both the Digital Turbine Ignite and IQ solutions.

## **About Mandalay Digital Group**

Mandalay Digital Group, Inc., through its wholly owned subsidiary, Digital Turbine, provides mobile solutions for wireless carriers globally to enable them to better monetize mobile content. The company's products include mobile application management through DT Ignite, user experience and discovery through DT IQ, application stores and content through DT Marketplace, and content management and mobile payments through DT Pay.
