

COMPANY OVERVIEW

Ekso Bionics® is a pioneer in the field of robotics. For over a decade we have been committed to developing the latest technology and engineering to commercialize wearable exoskeletons and robotic-assist devices in a variety of applications such as medical and industrial markets. Exoskeletons resolve unique customer challenges in rehabilitation allowing people to rethink their current physical limitations. Light-weight assist devices for industrial workers will help achieve mobility, strength, or endurance not otherwise possible. We remain committed to forming strategic partnerships for cutting-edge innovation. Ekso Bionics is headquartered in Northern California and listed under the symbol (NASDAQ: EKSO).
