## VSE Reports Financial Results for Third Quarter 2018

### *Operating Income Increases in Third Quarter*

ALEXANDRIA, Va.--(BUSINESS WIRE)-- VSE Corporation (Nasdaq: VSEC) reported the following unaudited consolidated financial results for the third quarter of 2018.

### **CEO Commentary**

"Our operating income increase for the third quarter of 2018, as compared to 2017, was driven primarily by our Federal Services Group," said Maurice "Mo" Gauthier, VSE President and CEO. "We improved our margins on some Federal programs, reduced costs, and sold an IT services prime contract, which we continue to perform as a subcontractor."

Mr. Gauthier continued, "Our Aviation Group, which has shown growth on both new and existing lines of business, also contributed to our higher operating income. Our Singapore operation, which began in the second quarter, continues to build on early positive results. Despite an increase in inventory due to new commercial initiatives, we have experienced an increase in free cash flow this quarter. We continue to keep our total debt at reasonable levels and remain well positioned to pursue further strategic initiatives."

### **Financial Information**

Revenues were \$168.9 million in the third quarter of 2018 compared to \$174.2 million in the third quarter of 2017. For the first nine months, revenues were \$516.2 million in 2018 compared to \$565.3 million in 2017. These decreases were primarily attributable to a reduction in work in our Federal Services Group.

Operating income was \$15.7 million for the third quarter of 2018 compared to \$12.2 million in the third quarter of 2017. For the first nine months, operating income was \$41.1 million in 2018 and \$41.4 million in 2017. The operating income increase for the quarter was primarily attributable to a sale of an IT services contract, a loss recorded in 2017 attributable to a completed contract and other increases from our Federal Services and Aviation groups.

Net income was \$10.0 million for the third quarter of 2018, or \$0.92 per diluted share, compared to \$6.6 million, or \$0.61 per diluted share for the third quarter of 2017. Net income was \$25.8 million for the first nine months of 2018, or \$2.37 per diluted share, compared to \$21.7 million, or \$2.00 per diluted share for the first nine months of 2017. The increase in net income for the quarter was due to an increase in our overall operating income and a reduction to the Federal Income Tax rate due to the enactment of the Tax Cuts and Jobs Act in December 2017.

Bookings in our Federal Services Group were \$284 million for the first nine months of 2018 compared to revenue for this group of \$252 million. Funded contract backlog at September 30, 2018 was \$345 million, compared to \$338 million at June 30, 2018 and \$403 million at September 30, 2017.

## **Operational Highlights**

- Our Federal Services Group received several delivery orders to provide services under its Foreign Military Sales (FMS) support contract by the Naval Sea Systems Command (NAVSEA) International Fleet Support Program Office. We will provide maritime program support including logistics, planning, repair and maintenance management, supply support, technical assistance, training and engineering support to four of our allied countries. The combined funded value for all delivery orders is approximately \$40.8 million.
- Our Federal Services Group received task order awards to provide the U.S. Department of Justice (DOJ) with various maritime logistics support services, including operations management of the vessels and their crew, upkeep of maintenance requirements, ship relocations and marketing efforts. The combined funded value for the DOJ International Asset Recovery Support Services (IARSS) Time & Materials (T&M) task orders is approximately \$4.3 million for the third quarter and \$9.2 million year to date.
- Our Federal Services Group was selected as a prime contractor for the Department of Army's Responsive Strategic Sourcing for Services (RS3) multiple award Indefinite Delivery/Indefinite Quantity (IDIQ) contract by the Army Contracting Command, Aberdeen Proving Ground. This contract has a 10-year base ordering period and one five-year optional ordering period and a total combined ceiling for all awardees over 15 years of \$37.4 billion.
- We completed the sale of an IT services contract we had been awarded by the National Institutes of Health (NIH) for \$1.7 million to a company with more extensive IT client relationships. We were able to retain the work we are currently performing as a subcontractor and will have access to the contract for future potential work.
- VSE Aviation was awarded seven Honeywell T53 helicopter engine conversions under our State Department contract with an estimated value of approximately \$4.2 million.

## Non-GAAP Financial Disclosure

The non-GAAP Financial Information (unaudited) listed below is not calculated in accordance with U.S. generally accepted accounting principles (GAAP) under SEC Regulation G. These non-GAAP financial measures consist of EBITDA and Adjusted EBITDA. We consider these non-GAAP financial measures an important indicator of performance and useful metrics for management and investors to evaluate our business' ongoing operating performance on a consistent basis across reporting periods. These adjusted financial measures are intended to highlight non-operational, unusual or non-recurring items. They should not, however, be considered in isolation or as a substitute for performance measures prepared in accordance with GAAP.

EBITDA represents net income before interest expense, income taxes, amortization of intangible assets and depreciation and other amortization. Adjusted EBITDA represents EBITDA (as defined above) adjusted for the gain on sale of the IT services contract.
