

Company Overview

InnerScope Hearing Technologies (INND) is a technology driven company with highly scalable B2B and B2C solutions.

The Company offers a B2B SaaS based Patient Management System (PMS) software program. In addition to improving operations and communication with patients, INND will also provide a Buying Group experience for the audiology practice enabling owners to lower product costs and increase their margins. INND will compete in the DTC (Direct-to-Consumer) markets, - "Hearable", "Wearable", Personal Sound Amplification Product (PSAP). This will also include revolutionary APPs on the iOS and android markets that will be solely dedicated to the hearing impairment population around the world. A huge untapped market was created estimated to be more than 30 million people in the US alone for (OTC) Hearing Aids as a result of recently passed congressional legislation H.R.1652 - Over-the-Counter Hearing Aid Act of 2017 (OTC).

INND will also be operating and expanding a chain of audiological and hearing device clinics. INND with a seasoned team of professionals with collectively over 200+ years of experience in the hearing aid industry, including successful operations in hearing aid manufacturing and retail store management. The team members have specialty skills in clinical audiology, extended warranty and loss replacement insurance for hearing devices, office management, clinical sales skills, business and accounting, as well as, all forms of retail marketing. INND's team has the knowledge, relationships, and the experience to quickly deploy new products and software in the untapped markets of the 360 million people around the globe that are hearing impaired.
