Arcadian Telepsychiatry Signs Agreement with Memorial Hospital at Gulfport to Provide Telehealth Services

GULFPORT, Miss., May 20, 2019 (GLOBE NEWSWIRE) -- **MYnd Analytics, Inc. (NASDAQ: MYND)**, a behavioral health company with tools and technologies aimed at improving the delivery of mental health services through the combination of telemedicine and data analytics, today announced that Arcadian Telepsychiatry, a wholly owned subsidiary of MYnd, has signed an agreement with Memorial to provide telebehavioral health services through its provider network beginning in May.

Memorial is a not-for-profit medical complex in Gulfport, Mississippi, jointly owned by the City of Gulfport and Harrison County. Memorial is one of the most comprehensive healthcare systems in the state, licensed for 303 beds, including a state-designated level II trauma center, two outpatient surgery centers, satellite diagnostic and rehabilitation centers and over 95 physician clinics.

Kent G. Nicaud, President & CEO of Memorial Hospital, commented, "We are excited to offer telebehavioral health services through our partnership with Arcadian, which will help ensure our patients have access to mental health services."

Patrick Herguth, Chief Executive Officer of MYnd, stated, "We are honored to have been selected by Memorial Hospital at Gulfport, whose mission, similar to ours, is building a healthier community. This hospital system is one of the largest in Mississippi and will not only significantly expand our business, but also demonstrates the scalability of our platform through partnerships with major health systems."

About MYnd Analytics

MYnd Analytics, Inc. (www.myndanalytics.com), with its wholly owned subsidiary Arcadian Telepsychiatry Services LLC, is a technology-enabled telepsychiatry and teletherapy company that provides enhanced access to behavioral health services, improves patient outcomes and helps lower the costs associated with behavioral health issues. The MYnd Psychiatric EEG Evaluation Registry (PEER) is a predictive analytics decision support tool that helps physicians reduce trial and error treatment for behavioral health conditions. PEER provides the physician a personalized care plan with recommended treatment options based on a patient's unique brain markers, reducing treatment time and treatment costs. Arcadian Telepsychiatry Services LLC provides a suite of complementary telemedicine services that can be combined with PEER, including telepsychiatry, teletherapy, digital patient screening, curbside consultation, on-demand services, and scheduled encounters for all age groups. MYnd's customers include major health plans, health systems, and community-based organizations.
