"Our second quarter revenue increased 30.2% compared to the prior year period, primarily driven by the strategic acquisitions of Flooring Liquidators, Inc. "Despite industry-specific headwinds, we are committed to adapting to market changes, maintaining operational efficiency, and enhancing customer satisfaction. This approach underscores our belief in creating sustainable growth and value over time."

Second Quarter FY 2024 Financial Summary (in thousands except per share amounts)

	During the three months ended March 31,		
	2024	2023	% Change
Revenue	\$ 118,626	\$ 91,122	30.2%
Operating Income (loss)	\$ (838)	\$ 4,952	N/A
Net income (loss)	\$ (3,281)	\$ 1,558	N/A
Diluted earnings (loss) per share	\$ (1.04)	\$ 0.49	N/A
Adjusted EBITDA ¹	\$ 4,457	\$ 9,187	-51.5%

Revenue increased approximately \$27.5 million, or 30.2%, to approximately \$118.6 million for the quarter ended March 31, 2024, compared to revenue of approximately \$91.1 million in the prior year period. The increase is primarily attributable to the acquisitions of PMW, which was acquired during the fourth quarter of fiscal year 2023, and Flooring Liquidators, which was acquired during the second quarter of fiscal year 2023, which collectively added approximately \$29.6 million, as well as an increase of approximately \$3.8 million in revenue in the Flooring Manufacturing segment. The increase was partially offset by decreased revenue of approximately \$5.9 million in the Company's other businesses due to general economic conditions.

Operating loss was approximately \$0.8 million for the quarter ended March 31, 2024, compared with operating income of approximately \$5.0 million in the prior year period. The decrease in operating income is primarily attributable to the Retail-Flooring segment's temporary inefficiencies associated with the acquisitions of Carpet Remnant Outlet, Inc. ("CRO") and Johnson Floor & Home ("Johnson") by Flooring Liquidators, which were closed during the first quarter of fiscal year 2024. The decrease was also attributable to the Steel Manufacturing segment's decrease in gross margin primarily as a result of the acquisition of PMW, which has historically generated lower margins, as well as an overall decrease in margins in the Steel Manufacturing segment due to reduced production efficiencies as a result of lower demand.

For the quarter ended March 31, 2024 net loss was approximately \$3.3 million, and diluted loss per share was \$1.04, compared with net income of approximately \$1.6 million and diluted EPS of \$0.49 in the prior year period. The change in net loss is attributable to the operating loss and higher interest expense related to the acquisitions of Flooring Liquidators and PMW, net of income taxes.

Adjusted EBITDA¹ for the quarter ended March 31, 2024 was approximately \$4.5 million, a decrease of approximately \$4.7 million, or 51.5%, compared to the prior year period. The decrease is primarily due to decreases in gross profit and operating income.

As of March 31, 2024 the Company had total cash availability of \$36.0 million, consisting of cash on hand of \$4.5 million and availability under its various lines of credit of \$31.5 million.

¹ Adjusted EBITDA is a non-GAAP measure. A reconciliation of the non-GAAP measures is included below.

Retail-Entertainment segment revenue for the quarter ended March 31, 2024 was approximately \$16.8 million, a decrease of approximately \$2.3 million, or 12.2%, compared to prior year period revenue of approximately \$19.2 million. Revenue decreased primarily due to reduced consumer demand and a shift in sales mix toward used products, which generally have lower ticket sales with higher margins. The shift in sales mix also contributed to the increase in gross margin to 58.4% for the quarter ended March 31, 2024, compared to 55.5% for the prior year period. Operating income for the quarter ended March 31, 2024 was approximately \$1.8 million, compared to operating income of approximately \$2.3 million for the prior year period.

Retail – Flooring

The Retail-Flooring segment consists of Flooring Liquidators, which was acquired in January 2023. Revenue for the quarter ended March 31, 2024, was approximately \$32.0 million, an increase of approximately \$11.3 million, or 54.2%, compared to prior year period revenue of approximately \$20.8 million. The increase is due to the acquisition of Flooring Liquidators in the second quarter of fiscal year 2023 and the acquisitions of CRO and Johnson by Flooring Liquidators during the first quarter of fiscal year 2024. The gross margin for the quarter ended March 31, 2024 was 36.5%, compared to 37.3% for the prior year period. Operating loss for the quarter ended March 31, 2024 was approximately \$3.0 million, compared to an operating loss of approximately \$0.2 million for the prior year period. The increase in operating loss was primarily due to temporary inefficiencies associated with the acquisitions of CRO and Johnson in the current period.

Flooring Manufacturing

Revenue for the quarter ended March 31, 2024 was approximately \$34.2 million, an increase

of approximately \$3.8 million, or 12.7%, compared to prior year period revenue of approximately \$30.3 million. The gross margin was 25.6% for the quarter ended March 31, 2024, compared to 24.2% for the prior year period. The revenue and gross margin increases are primarily due to increased sales associated with the acquisition of the Harris Flooring Group® brands in the fourth quarter of fiscal year 2023. Operating income for the quarter ended March 31, 2024 was approximately \$2.0 million, compared to operating income of approximately \$2.4 million for the prior year.

Steel Manufacturing

Revenue for the quarter ended March 31, 2024 was approximately \$35.5 million, an increase of approximately \$15.6 million or 78.2%, compared to the prior year period revenue of approximately \$19.9 million. The gross margin was 14.3% for the quarter ended March 31, 2024, compared to 28.4% for the prior year period. The decrease in gross margin is primarily due to the acquisition of PMW, which has historically generated lower margins, as well as an overall decrease in margins in the Steel Manufacturing segment due to reduced production efficiencies as a result of lower demand. Operating income for the quarter ended March 31, 2024 was approximately \$0.9 million, compared to operating income of approximately \$2.8 million in the prior year period.

Corporate and Other

Revenue for the quarter ended March 31, 2024 was approximately \$0.1 million, a decrease of approximately \$0.8 million, or 90.8%, compared to the prior year period revenue of approximately \$0.9 million. with the acquisitions of CRO and Johnson by Flooring Liquidators, which were closed during the first quarter of fiscal year 2024. The decrease was also attributable to the Steel Manufacturing segment's decrease in gross margin primarily as a result of the acquisition of PMW, which has historically generated lower margins, as well as an overall decrease in margins in the Steel Manufacturing segment due to reduced production efficiencies as a result of lower demand.

Non-GAAP Financial Information

Adjusted EBITDA

We evaluate the performance of our operations based on financial measures, such as “Adjusted EBITDA,” which is a non-GAAP financial measure. We define Adjusted EBITDA as net income (loss) before interest expense, interest income, income taxes, depreciation, amortization, stock-based compensation, and other non-cash or nonrecurring charges. We believe that Adjusted EBITDA is an important indicator of the operational strength and performance of the business, including the business’s ability to fund acquisitions and other capital expenditures and to service its debt. Additionally, this measure is used by management to evaluate operating results and perform analytical comparisons and identify strategies to improve performance. Adjusted EBITDA is also a measure that is customarily used by financial analysts to evaluate a company’s financial performance, subject to certain adjustments. Adjusted EBITDA does not represent cash flows from operations, as defined by generally accepted accounting principles (“GAAP”), should not be construed as an alternative to net income or loss, and is indicative neither of our results of operations, nor of cash flow available to fund our cash needs. It is, however, a measurement that the Company believes is useful to investors in analyzing its operating performance. Accordingly, Adjusted EBITDA should be considered in addition to, but not as a substitute for, net income, cash flow provided by operating activities, and other measures of financial performance prepared in accordance with GAAP. As companies often define non-GAAP financial measures differently, Adjusted EBITDA, as calculated by Live Ventures Incorporated, should not be compared to any similarly titled measures reported by other companies.
