Arotech Corporation Reports Results for the Fourth Quarter and Full Year, 2009

Full Year Revenues Up by 8% Over 2008; Backlog at a Record \$55.5 Million

ANN ARBOR, MI -- (MARKET WIRE) -- 03/22/10 -- Arotech Corporation (NASDAQ: ARTX), a provider of quality defense and security products for the military, law enforcement and security markets, today reported results for the quarter and full year ended December 31, 2009.

Full Year Results

Gross profit for 2009 was \$20.1 million, or 27% of revenues, compared to \$18.8 million, or 27% of revenues, for 2008.

"We are very pleased that we managed to reduce our net loss by 20% in a difficult economy," said Arotech Chairman and CEO Robert S. Ehrlich. "Our simulation and battery divisions improved their results over last year, and while our armor division was off due to delays in getting more 'David' armored vehicle orders, these orders have now come through, and we expect to continue to fill them throughout 2010," noted Ehrlich. "Additionally, we note that we were once again cash-flow positive for the full year and quarter; our GAAP net loss is largely the result of various non-cash charges related to previous acquisitions," continued Ehrlich. "Finally, the recent preliminary approval by the district court of our proposed class action litigation settlement, at no additional out-of-pocket cost to us, removes a significant source of uncertainty and concern that may have negatively affected our stock price over the recent past," concluded Ehrlich.
