Finjan Mobile's Newly Enhanced App, InvinciBull, Expands its VPN User-Base with the Acquisition of Anonymizer Customers

Potential to Add 4,000 Customers to Subscriber Base

EAST PALO ALTO, Calif., Oct. 24, 2018 (GLOBE NEWSWIRE) -- [Finjan Holdings](#), Inc. (NASDAQ: FNJN), a cybersecurity company, today announced that its subsidiary, [Finjan Mobile, Inc.](#)'s newly launched enhanced VPN, [InvinciBull](#) is acquiring the Anonymizer user-base of Ntrepid Corporation. InvinciBull is a set-it-once VPN (Virtual Private Network) uniquely designed to stream content and data securely anonymously wherever you are on the planet.

InvinciBull was hand-picked by Anonymizer as a trusted partner that will uphold the same commitment to its users and will take over providing VPN services for the duration of all existing Anonymizer subscriptions at no additional cost. The VPN service promises to be faster and provides an improved user interface. Anonymizer currently has an estimated 4,000 customers all of whom will be encouraged to move over to the InvinciBull Consumer VPN platform. To ease the transition, existing users will have one month to take advantage of this opportunity and switch over their services to InvinciBull.

"I am extremely proud of the work Anonymizer has accomplished over the years. Since those early days, the landscape for consumer privacy has changed radically – modern tracking technologies have extended far beyond simple cookies and IP addresses, and users need protection on mobile devices now more than on desktops," states Lance Cottrell, Chief Scientist at Ntrepid. "InvinciBull stood out as our first choice for a partner to continue our VPN service, and we have the highest confidence in them. Knowing that our consumer users are in good hands, Ntrepid looks forward to focusing more energy and creativity on high-end solutions and specialty services for government and enterprise users."

"InvinciBull's mission of protecting devices from malicious content on the internet aligns extremely well with Anonymizer's value and we are very excited to join forces with the Anonymizer brand to keep protecting their consumer customers," said June Bower, Head of Marketing for InvinciBull. "We believe that individuals deserve access to innovative tools and technology that protect their online activity. We are committed to serving Anonymizer's loyal customers and providing them with the privacy and security features they have come to expect. At Finjan Holdings we have a 20-year history of leading cybersecurity innovation and we will continue this practice through our Finjan Mobile

subsidiary as we develop with our industry-leading patents and broaden our portfolio with a number of new cutting-edge technologies in the future.”

About Ntrepid

Ntrepid is a mission-driven provider of cutting-edge technology solutions for government and enterprise to discreetly and safely conduct sophisticated online operations in the most hostile online environments. We leverage our deep experience in the national security community to anticipate our customers' needs and provide solutions before the requirements are expressed. Our heavy investment in R&D allows us to stay ahead of the rapidly changing internet landscape. Ntrepid's innovative solutions empower advanced online research, analysis, and data collection, while obscuring organizational identity and protecting your mission.
