ShotSpotter Selected by Commonwealth of Massachusetts for Statewide Deployment of Coplink X

Momentum building for new investigative solutions including Coplink X, ShotSpotter Investigate™ and ShotSpotter Gun Crime Management™

FREMONT, Calif., Dec. 06, 2022 (GLOBE NEWSWIRE) -- ShotSpotter, Inc. (Nasdaq: SSTI), a leader in precision policing technology solutions that enable law enforcement to more effectively respond to, investigate, and deter crime, announced today that it has contracted with the Commonwealth of Massachusetts for a multi-year subscription of Coplink X in a deal worth more than \$4 million over the forty-four-month agreement. [Coplink X](#) is an investigative search engine and analytics tool that has amassed the largest database of police agency data in the United States to accelerate crime solving and was acquired by ShotSpotter in January 2022 when the company purchased Forensic Logic. The system will be accessible to all members of local, county and state-level law enforcement throughout Massachusetts. The Tennessee Bureau of Investigations and Tennessee Department of Safety and Homeland Security entered into a similar [statewide contract](#) for Coplink X as was announced in 2021.

In addition, several customers have recently contracted for ShotSpotter's investigative case management solutions – either ShotSpotter Investigate™ or ShotSpotter Gun Crime Management™ – including the Peoria Police Department (Illinois), Adam's County Sheriff's Office (Colorado), Suffolk County District Attorney's office (New York) and Arvada Police Department (Colorado).

ShotSpotter's entry into the investigations management business began in late 2020 with the acquisition of LEEDS LLC, the company that built the investigative case management system used by the New York Police Department. In 2021, ShotSpotter announced a rebranded and generalized subscription version of their investigations management system called [ShotSpotter Investigate](#) to help track, coordinate and solve all crime types. In 2022, the company announced the availability of [ShotSpotter GCM](#) (Gun Crime Management), a system to manage NIBIN leads and identify associated gun cases.

"We are thrilled with the early traction we are seeing in our investigative tools business. Having a set of proven and functionally-rich solutions with the right staff to help our customers get real value out of them is foundational for success," said Ralph A. Clark, President and CEO of ShotSpotter. "We believe Coplink X, ShotSpotter Investigate and ShotSpotter GCM will vastly improve the speed and efficacy of the investigation process which will lead to higher case closure rates for agencies at a time when many of them are short staffed. It's exciting to expand our ability to have a positive impact on helping our law enforcement partners be more efficient, effective and equitable in their pursuit of public safety."

Safe Harbor Statement

This press release contains “forward-looking statements” within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995, including but not limited to statements regarding the Commonwealth of Massachusetts’ subscription agreement for Coplink X and its accessibility, and the company’s belief of the positive impact that Coplink X, ShotSpotter Investigate and ShotSpotter GCM will have on the investigation process and case closure rates of agencies. Words such as “expect,” “anticipate,” “should,” “believe,” “target,” “project,” “goals,” “estimate,” “potential,” “predict,” “may,” “will,” “could,” “intend,” variations of these terms or the negative of these terms and similar expressions are intended to identify these forward-looking statements. Forward-looking statements are subject to a number of risks and uncertainties, many of which involve factors or circumstances that are beyond the company’s control. Actual results could differ materially from those stated or implied in forward-looking statements due to a number of factors, including but not limited to customer and market acceptance and use of Coplink X and achieving its intended benefits, as well as other risk factors included in the company’s most recent annual report on Form 10-K and other SEC filings. These forward-looking statements are made as of the date of this press release and are based on current expectations, estimates, forecasts and projections as well as the beliefs and assumptions of management. Except as required by law, the company undertakes no duty or obligation to update any forward-looking statements contained in this release as a result of new information, future events or changes in its expectations.
