EVI Industries to Attend Baird 2019 Global Consumer, Technology & Services Conference from June 4-6, 2019

MIAMI--(BUSINESS WIRE)-- EVI Industries, Inc. (NYSE American: EVI) announced today that Henry M. Nahmad, Chairman and CEO, is scheduled to host one-on-one meetings with registered investors at the Baird Global Consumer, Technology & Services Conference being held at the InterContinental New York Barclay during the conference dates from June 4-6, 2019. For more information on the conference and to schedule a one-on-one meeting, please contact Baird Conferences at bairdconferences@rwbaird.com.

In March 2015, EVI implemented a buy-and-build strategy focused on long-term growth and shareholder value creation. In connection with its long-term growth strategy, during the last thirty months, EVI has acquired eleven commercial laundry distributors and service providers. In pursuit of the Company's long-term growth goals, EVI continues to thoughtfully execute its growth strategy, including: (1) the pursuit of acquisitions of quality and complementary businesses, (2) the pursuit of organic growth opportunities, and (3) investments in advanced technologies designed to improve efficiency and productivity.

About EVI Industries

EVI Industries, Inc., through its wholly-owned subsidiaries, is a distributor that generates revenues by selling, leasing or renting, through its extensive sales organization, commercial, industrial and vended laundry, dry-cleaning, and material handling equipment, steam and hot water boilers, water reuse and filtration systems, and related replacement parts and accessories. Additionally, the Company designs, plans, and installs turn-key laundry, dry cleaning, boiler, and water filtration systems and provides maintenance services through its robust technical service organization.

The Company's customers include retail, commercial, industrial, institutional, and government customers. Purchases made by customers range from parts and accessories, to single or multiple units of equipment, to large complex systems, as well as installation and maintenance services. The Company believes that the increase in equipment sales provides a strong foundation for the Company to further strengthen its customer relationships, including that they may in the future result in higher gross margin opportunities from the sale of parts, accessories, supplies, and technical services related to the equipment.

Forward-Looking Statements

Except for the historical matters contained herein, statements in this press release are

forward- looking and are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are subject to a number of known and unknown risks and uncertainties that may cause actual results, trends, performance or achievements of EVI, or industry trends and results, to differ from the future results, trends, performance or achievements expressed or implied by such forward-looking statements. These risks and uncertainties include, among others, risks associated with EVI's buy-and-build growth strategy, including that EVI may not be successful in identifying or consummating acquisitions or other strategic opportunities where or when expected, or at all, that acquisition and other strategic opportunities may not be available to EVI to the extent anticipated or at all, that the potential benefits of transactions may not be realized to the extent anticipated or at all, integration risks, risks related to indebtedness incurred in connection with transactions, dilution experienced by EVI's stockholders as a result of shares issued in connection with transactions, risks related to the business, operations and prospects of acquired businesses, their ability to achieve growth and EVI's ability to support growth efforts, risks related to EVI's and its acquired businesses' relationships with principal suppliers and customers and the impact that the loss of any principal supplier or customer could have on EVI's results and financial condition, risks related to organic growth initiatives, risks that investments and expenses may not result in the benefits anticipated, including long-term growth and increases in shareholder value, and risks that investments in advanced technologies may not result in the realization of improved efficiency and productivity. Reference is also made to other economic, competitive, governmental, technological and other risks and factors discussed in EVI's filings with the Securities and Exchange Commission (the "SEC"), including, without limitation, those disclosed in the "Risk Factors" section of EVI's Annual Report on Form 10-K for the fiscal year ended June 30, 2018 filed with the SEC on September 13, 2018. Many of these risks and factors are beyond EVI's control. In addition, past performance and perceived trends may not be indicative of future results. EVI cautions that the foregoing factors are not exclusive. The reader should not place undue reliance on any forward- looking statement, which speaks only as of the date made. EVI does not undertake to, and specifically disclaims any obligation to, update or supplement any forward-looking statement, whether as a result of changes in circumstances, new information, subsequent events or otherwise, except as may be required by law.
