For the third quarter, Gaiam generated revenue of \$70.3 million, an increase of 36% over the \$51.8 million recorded in the same period last year. The internal growth rate was 34%.

Gross margin expanded 260 basis points to 65.6% of revenue in the third quarter of 2007, from 63.0% in the same period last year, which in turn represented a 750 basis point increase from 55.5% in the third quarter of 2005. The increase over 2006 was primarily due to higher margin international sales and subscriptions.

Operating expenses as a percentage of revenue decreased to 59.7% in the third quarter of 2007, from 61.0% in the comparable period last year even after increased expenses related to Gaiam's expanding community business.

Operating income for the third quarter of 2007 increased 315% to \$4.2 million, or 6% of revenue, compared to operating income of \$1.0 million, or 2% of revenue, a year ago.

Gaiam reported a net income for the third quarter of \$2.9 million, or \$0.12 per share, as compared to net income of \$1.7 million, or \$0.06 per share, for the third quarter of 2006. Gaiam repurchased 2.5 million shares of its stock in February 2007. Depreciation and amortization for the third quarter of 2007 was \$3.3 million.

For the nine months ended September 30, 2007, Gaiam recorded net revenues of \$181.1

million, a 24% increase from \$146.7 million in the comparable period a year ago. Net income tripled to \$4.3 million, or \$0.17 per share, compared to net income of \$1.4 million, or \$0.06 per share, for the nine months ended September 30, 2006.

According to Nielsen's VideoScan, Gaiam's market share in the fitness/wellness DVD category increased to 49% for the nine months ended September 2007, up from 45% in the same nine months last year, and for the quarter ended September 2007, increased to 53% compared to 46% for the third quarter of 2006.

Lynn Powers, Gaiam's President, commented, "We are extremely pleased with our third quarter results as we achieved a 34% internal growth in sales and improved gross and operating margins. During the quarter we continued to successfully leverage our leading media content growing our DVD market share in fitness / wellness to 53%."

Although Gaiam's third quarter is typically a very demanding cash flow period, Gaiam generated \$4.1 million in cash from its operations, bringing year to date cash generated from operations to \$20.6 million compared to cash provided by operations of \$0.6 million in the same nine months of last year.

During the third quarter, Gaiam strengthened its community by acquiring Zaadz, a leading social networking site, LIME Media, a multimedia lifestyle company, and a majority ownership of Conscious Enlightenment, an online and offline community.

Gaiam is entering into a strategic relationship with Care2, a social networking site with 7.5 million members that circulates 40 million newsletters per month. Among other things, Gaiam will become an exclusive provider of paid subscription services and e-commerce for Care2.

"We are very pleased with our results, which allowed us to accelerate development of our community and subscription programs. The recent acquisitions strengthen our leading position in the field, creating a unified online solution for LOHAS," said Jirka Rysavy, Chairman and Chief Executive Officer.

Gaiam's board of directors also authorized a share repurchase program of up to 5 million shares of Gaiam's Class A common stock as well as the filing of a shelf registration statement for the same amount of shares. In some instances shareholders of potential acquisition targets request Gaiam shares as consideration, although Gaiam generally expects to use its growing cash on hand.

A replay of the call will begin approximately one hour after the end of the call and will continue until 11:59 p.m. EST on November 14, 2007.
