

Petrolia Energy Announces Update on Filing of Form 10-K Report

HOUSTON, TX / ACCESSWIRE / October 16, 2019 [Petrolia Energy Corporation](#) (OTC PINK:BBLS) ("Petrolia" or the "Company") announced today that it has filed its 2018 10-K annual report.

"Our team has worked diligently to shape Petrolia into a versatile and efficient company capable of handling the many challenges facing our industry today," said Zel C. Khan, CEO and President of Petrolia. "We understand that a considerable amount of time has passed since our last update and we are sincerely thankful for the patience shown by our shareholders. Our industry continues to evolve, and we are ready to take advantage of the opportunities it brings with it."

The Company's audit committee further stated that the delays in filing the 2018 Year End Financials were primarily attributed to the pivotal acquisition of Bow Energy, which owned several gas leases in Indonesia and facilitated Petrolia's entrance into the Canadian market. To ensure the Company was satisfied by Bow Energy's prior reporting years, the Company engaged M&K as its new audit firm to accommodate the vast expanse of this financial review, and also retained a corporate accounting advisory firm in Canada, ACM Management Ltd., to assist in preparing the financial and accounting review.

James Burns, Chairman of the Board of Directors of Petrolia, said "With our new auditor and corporate accounting advisor in place, our 10-K filing behind us, and our 10-Q expected to be filed shortly, we are now well positioned to continue with our growth plans, which includes listing Petrolia on an international exchange and expanding our investor and public relations outreach."
