## **SilverSun Technologies Announces SWK Technologies Subsidiary Closes Two Additional Sage ERP X3 Sales Totaling Over \$550,000**

### **Company Expects to Report First \$4 Million Revenue Quarter in Its History**

LIVINGSTON, NJ -- (Marketwire) -- 03/26/13 -- *SilverSun Technologies, Inc.* (OTCBB: SSNT) (OTCQB: SSNT), a company engaged in delivering transformational business technology solutions and services, today announced that its principal operating subsidiary, SWK Technologies, closed two new major Sage ERP X3 global enterprise solution sales within the last 15 days. The value of the two transactions exceeded \$550,000.

Mark Meller, Chairman and CEO of SilverSun, noted, "It was but five short weeks ago that we announced the closing of three ERP X3 sales worth \$650,000. Since that time, we have closed two new major transactions. As a result, we anticipate that SilverSun will report revenues in excess of \$4 million for our first quarter, ending March 31, 2013, which will mark the first time in our history that we have achieved that level of revenue in a single quarter."

Meller continued, "SWK's sales pipeline is the strongest in its history and its future growth prospects are exceptionally vibrant. We continue to close deals at a record pace, which should prove to be notably value-enhancing for SilverSun and our many stakeholders as we work to perpetuate our success and momentum through 2013."

Jeffrey D. Roth, CEO of SWK, stated, "These two transactions were referrals from Business Partners in the SWK ERP Alliance. We created the Alliance as a unique coalition of Sage Business Partners who have customers and prospects that will benefit from all of the features and functionality that Sage ERP X3 offers. These Business Partners do not, in many cases, have the bandwidth, budget or inclination to sell and support the Sage ERP X3 solution by themselves. Through the SWK ERP Alliance, SWK's partners can align with us, capitalizing on sales opportunities that would have been lost to competitors in the past."

"As the nation's preeminent reseller of Sage ERP X3, SWK is pleased to be able to leverage our expertise to help our Alliance Partners with transactions such as these, while

they materially benefit from our guaranteed referral fee program," added Roth. "Due in large measure to the success of the 'SWK ERP Alliance,' our sources of new customer referrals from our Sage Business Partners have greatly multiplied over the past several months, and our pipeline of prospective new business opportunities continues to grow at a rapid rate. We look forward to announcing more major transactions in the coming weeks and months."

#### *About SWK Technologies, Inc.*

The principal operating subsidiary of SilverSun Technologies, Inc., SWK Technologies, Inc. ([www.swktech.com](http://www.swktech.com)), is an IT consulting company providing strategies and solutions to meet its clients' information and business management needs.
