MYOS RENS Technology Signs Distribution Agreement with National Sales Associates, LLC

Yolked® and MYOS Canine Muscle Formula® to be Distributed Nationwide

CEDAR KNOLLS, N.J., April 4, 2019 /PRNewswire/ -- MYOS RENS Technology Inc. ("MYOS" or "the Company") (NASDAQ: MYOS), an advanced nutrition company and the owner of **Fortetropin®**, a proprietary bioactive composition derived from fertilized egg yolk that helps build lean muscle, announced today that it has signed a national brokerage agreement with National Sales Associates ("NSA"), which will allow MYOS to sell its **NSF "Certified for Sport®"** sports nutrition brand, **Yolked®**, along with our pet product **MYOS Canine Muscle Formula®** ("MYOS Canine") throughout its national sales network of eight regional offices with over 160 associates.

National Sales Associates is a sales & marketing brokerage agency that specializes in Natural, Organic, and Specialty Products across multiple classes of trade. NSA is a well-structured and tightly integrated national organization, comprised of six regional sales organizations staffed with industry veterans that cover the entire U.S.

Joseph Mannello, Chief Executive Officer of MYOS, commented, "Expanding our channels of distribution is crucial to getting this muscle health phenomenon out to both consumers and canine pet owners on a national level. This agreement with a national brokerage company specializing in distributing natural, organic and specialty products is a perfect fit for our all-natural, high-quality products backed by clinical studies and research. Together, we are excited about the opportunity to continue to drive and expand the distribution and sales of Yolked and MYOS Canine with NSA's extensive customer base."

"We are happy to have been selected by MYOS to represent a growing company with a truly exceptional set of brands," stated Jeremy Cook, Vice President and General Manager of National Sales Associates. "This new partnership will allow us to distribute natural and unique products that are highly complementary to NSA's existing product portfolio and to respond to our customer's needs for natural innovative solutions in the muscle health field."
