MariMed’s Branded Cannabis Products Now Licensed & Distributed in Maryland Dispensaries

Organic precision dosed cannabis products produced in Hagerstown now available

NEWTON, Mass. and HAGERSTOWN, Md., May 01, 2018 (GLOBE NEWSWIRE) -- [MariMed Inc.](#) (OTCQB:MRMD) has expanded the licensing and distribution of its branded cannabis product line into Maryland. These products are being produced by [Kind Therapeutics USA](#) (“Kind”) at its 100,000 sq. ft. state licensed medical marijuana production facility in Hagerstown, Maryland. Kind Therapeutics USA is distributing these products to approximately 35 dispensaries throughout Maryland.

MariMed’s branded cannabis products, including their new Nature’s Heritage Cannabis and Kalm Fusion brands, are now produced and distributed via Kind Therapeutics USA to Maryland dispensaries.

MariMed developed the cultivation and production facility and leases it to Maryland cannabis licensee Kind Therapeutics USA. MariMed provides managed services to Kind and has licensed Kind to produce and distribute the following products:

- The new Nature's Heritage Cannabis[®] strains that MariMed has collected from the finest seed lineages in the world and developed into an organic product line that is "The best cannabis Mother Earth has to offer[®]";
- [Kalm Fusion[®]](#) precision dosed chewable tablets, powdered tincture drink mix, and oral thin strips in THC and CBD formulations;
- Tikun Olam[™] clinically proven effective cannabis strains, flower, oils, salves, lotions, and vape cartridges; and
- LucidMood "sippers" disposable vape pens.

Under MariMed management, the facility has 11 grow rooms currently producing world-class marijuana strains. Two harvests have been completed, with all organically grown flowers, oil extracts and infused products passing the rigorous purity tests by independent licensed testing labs.

"This next-gen facility utilizes advanced ecofriendly, sustainable cultivation techniques to produce pesticide and contaminant-free medical marijuana that has the power to transform human health and wellness," noted Timothy Shaw, MariMed COO and cultivation expert who designed the facility, supervised the build-out and oversees the cultivation team. "We've had robust harvests and are thrilled with the results. As we analyze the data on the first several crops, we look forward to sharing results of our new cultivation techniques for growing the most important medicinal plant on Earth."

Shaw added, "In the coming months, we'll be introducing Tikun Olam world renowned strains from Israel to complement our new Nature's Heritage branded line of cannabis strains and precision dosed products."

“We are proud to provide safe, affordable, legal wholesale access to the purest, most consistent medical cannabis possible,” stated Robert Fireman, MariMed CEO. “As more dispensaries open, we expect this facility to provide medical cannabis products to approximately 100 dispensaries throughout Maryland to relieve patients’ symptoms and help them feel and function better.”
