## 5BARz™ Wi-Fi 'ROVR' IoT Hub Available on Amazon

SAN DIEGO--(BUSINESS WIRE)-- 5BARz International (OTCQB:BARZ) ([www.5BARz.com](http://www.5BARz.com)) ("5BARz" or "the Company"), a technology leader in the cellular network extender industry and broadband networks, is pleased to announce that our wholly owned subsidiary, 5BARz India Private Limited, today announced that its advanced next generation **5BARz™ 'ROVR' Wi-Fi Router & Smart IoT Hub** is available for purchase on **Amazon.in** one of India's largest e-commerce platforms. Consumers can now purchase the product by placing an order online and get the product delivered at their doorsteps anywhere in India.

5BARz India also plans to make the product available with the other top e-tailers in India like **Flipkart** and **Snapdeal** in the coming few days. India is the world's fastest-growing e-commerce market. E-tail in India has become the most preferred platform for the consumers with a share of close to 35% of all smartphone purchases. The product is priced at INR 9,999 (approx. USD 149).

**Mr. Daniel Bland, Founder & CEO, 5BARz International**, said, "We are very excited to announce that our 'ROVR' Wi-Fi router will be now available to the consumers on Amazon at the click of a button. Our objective is to ensure each consumer has the best possible experience right from the unpacking."

**Mr. Samartha Nagabhushanam, CEO of 5BARz India**, said, "We are thrilled to go live first on Amazon. Selling on e-commerce platforms is a key component of our sales strategy. We have now listed our product on Amazon's marketplace and customers can start placing their order to experience the best in class Wi-Fi connectivity in India."

The **5BARz™ 'ROVR' Wi-Fi Router & Smart IoT Hub** encompasses several innovative features including dual backhaul, power backup, mini Wi-Fi instances for each member, customizable bandwidth and data usage, remote monitoring, alerts and advanced IoT capabilities which can be monitored and customized with the easy-to-use **5BARz™ Smart Experience** connectivity suite of applications from anywhere and at any time. The product functions as a hub for the smart devices with the built in IoT capabilities which come as a default feature in the device. As an IoT hub, it will manage and control temperature, humidity, gas detection, motion sensors and cameras which can alert the home owners with a call or SMS.

### About 5BARz India

5BARz India Private Limited is one of India's most promising technology start-ups that is

well equipped to provide seamless connectivity solutions. 5BARz India is a part of 5BARz International Inc., a start-up that is delivering solutions for cellular and broadband network operators in providing clear, high quality signal and superior connectivity for their subscribers. 5BARz™ with its 2 state-of-the-art products, 5BARz™ Network Extender for cellular connectivity and the 5BARz™ 'ROVR' Wi-Fi Router & Smart IoT Hub for broadband connectivity is striving to solve the problem of last mile connectivity. Due to the plug & play nature and zero installation cost, the 5BARz™ suite of products is emerging as the most attractive proposition in India.

The ultra-portable [5BARz™ Network Extender](#) incorporates a patented technology to create a high engineering based, single-piece, plug and play device that strengthens weak cellular signals by amplifying even the poorest cellular signals from 1 bar to 5 bars, ensuring uninterrupted connectivity at home and work.

The [5BARz™ 'ROVR' Wi-Fi Router & Smart IoT Hub](#) through its single-piece, plug and play device introduces a break through approach in providing uninterrupted and superior coverage and connectivity across home and work with a smart approach to broadband.
