CCA Industries, Inc. Announces The Appointment Of New Chief Executive Officer And Reports Third Quarter Results

EAST RUTHERFORD, N.J., Oct. 17, 2013 /PRNewswire/ -- CCA Industries, Inc. (NYSE MKT: "CAW"), a leading marketer and distributor of well-known Health & Beauty Aids, announced today the appointment of Richard Kornhauser as Chief Executive Officer and President, effective immediately. Third quarter results covering the period ending August 31, 2013 are also highlighted herein.

The unfortunate loss of the company's dynamic Chief Executive Officer, Dunnan Edell, earlier this year caused it to operate without a full-time CEO in the highly competitive Health and Beauty Aids Industry during the last eight (8) months. Without the energy, passion and creativity that Dunnan brought to CCA Industries and its successful brands, the company lost important momentum in 2013. As a result the company's performance, in-store merchandising position and turnover were not nearly on par with its successful efforts over the past 25 years.

The company and its Board of Directors has been seeking an experienced, energetic and creative Chief Executive Officer and is now pleased to announce that it has employed Richard Kornhauser to help drive CCA Industries going forward.

Mr. Kornhauser, aged 58, has over the past thirty years honed his well-developed management skills, strong entrepreneurial drive, and his keen sense of opportunities in the Health and Beauty Aids Industry at companies with very similar problem-solution brands to CCA Industries: Chattem, Incorporated, Combe Incorporated, and FGX International. Richard was instrumental in spearheading the marketing and advertising efforts which helped drive significant, and profitable growth for such brands as: Gold Bond® skin care, Icy Hot® topical analgesics, Selsun-Blue® dandruff shampoo, Sea Bond® denture care, Odor-Eaters® foot care, and even the iconic Foster Grant® eyewear brand.

The Company has commenced a major reorganization of it's operations so that it can focus all its energy and financial strength on the it's products. The Company has already substantially reduced overhead and the Company will also temporarily suspend its quarterly dividend. These savings are being targeted for new marketing and advertising programs, including new product launches and sales promotional efforts that will trigger new momentum in the coming year.

The Company reported total revenues for the third quarter ended August 31, 2013 of \$9,734,911 and a net loss of \$792,892. For the same period of 2012, the Company had revenues of \$14,003,207 and net income of \$428,747. The basic and fully diluted loss per share for the third quarter of 2013 was \$0.11 as compared to basic and fully diluted earnings

per share of \$0.06 for same period of 2012. Total revenues for the nine months ended August 31, 2013 were \$32,796,772, as compared to \$42,401,926, for the same period in 2012. The Company reported a net loss for the first nine months of fiscal 2013 of \$1,965,119, as compared to net income of \$818,381 for the same period in fiscal 2012. The basic and fully diluted loss per per share for the nine months ended August 31, 2013 was \$0.28 as compared to the basic and fully diluted earnings per share of \$0.12 for the same period in 2012.
