Volt Information Sciences Reports Fiscal 2016 Third Quarter Financial Results

NEW YORK--(BUSINESS WIRE)-- **Volt Information Sciences, Inc. (“Volt” or “the Company”)** (NYSE-MKT: **VISI**), a global provider of staffing services and information technology infrastructure services, today reported results for its third quarter ended July 31, 2016. Key elements include:

- Third quarter net revenue of \$330.5 million down 1.5% compared to the prior quarter and down 9.4% year-over-year
- Third quarter loss from continuing operations of \$4.6 million or \$4.1 million excluding special items
- Third quarter selling, administrative and other operating costs of \$49.7 million lower by 3.3% compared to prior quarter and lower by 14.3% year-over-year due to headcount reductions and other initiatives to improve operating efficiencies
- As of the end of the third quarter, the Company had \$49.3 million of available liquidity for working capital requirements, compared to \$27.0 million a year ago

Commenting on Volt’s third quarter performance, Michael Dean, President and CEO, said, “With continued measurable improvement this past quarter, I am pleased with our overall success in executing our turnaround plan. While our progress is evident across most aspects of the enterprise, our improving revenue performance provides the most compelling signal that our plan is taking hold. After normalizing for fewer work days during the fiscal third quarter, staffing segment revenue increased slightly on a sequential quarter basis. Importantly, we continue to add to our book of business with several recent new customer engagements. In addition, initiatives to improve our cost structure helped to reduce selling, administrative and other operating costs by 3% compared with the prior quarter and 14% compared to the third quarter last year. In fact, actions taken over the past year to streamline Volt’s cost structure will result in annual savings of approximately \$13.0 million excluding Maintech. Based on our ongoing progress, I remain confident that our actions will lead to a significant improvement in our financial performance in the quarters and years ahead.”

Fiscal 2016 Third Quarter Results

Total revenue for the fiscal 2016 third quarter was \$330.5 million, down \$4.9 million, or 1.5% compared to total revenue of \$335.4 million in the second quarter of fiscal 2016. Compared to the prior year period, total revenue decreased \$34.2 million or 9.4% compared to \$364.7 million in the third quarter of fiscal 2015.

Staffing Services segment revenue was \$313.4 million, a \$3.8 million or 1.2% decrease compared to \$317.2 million in the second quarter of fiscal 2016. Compared to the prior year period, Staffing Services segment revenues declined \$28.0 million, or 8.2% compared to Staffing Services revenues of \$341.4 million in the third quarter of fiscal 2015. Other

segment revenue was \$17.1 million in the third quarter of fiscal 2016, compared to \$18.2 million in the second quarter of fiscal 2016 and \$23.3 million in the prior year period.

Net loss of \$4.6 million in the third quarter of fiscal 2016 included \$1.0 million of restructuring and severance costs, partially offset by \$0.5 million related to the gain on the sale of real estate. Excluding the impact of these special items, net loss for the third quarter of 2016 would have been \$4.1 million on a Non-GAAP basis.

Adjusted EBITDA, which is also a Non-GAAP measure, was \$0.7 million in the fiscal 2016 third quarter. Adjusted EBITDA excludes the impact of interest expense, income tax expense, depreciation and amortization expense, other income/loss and share-based compensation expense. For a reconciliation of the GAAP and Non-GAAP financial results, please see the tables at the end of this press release.

Financing

In order to better align the covenants to the timing of certain liquidity events, in July 2016, the Company further amended its Financing Program with PNC Bank to reduce the minimum liquidity covenant level from \$50.0 million to \$35.0 million for the period beginning July 31, 2016 through the earlier of: 1) the date of the sale of the Company's subsidiary, Maintech Incorporated, if it is closed on or before September 30, 2016, and 2) October 30, 2016, thereafter it increases to \$50.0 million.

On September 6, 2016, the Company amended its Financing Program to increase the facility limit from \$150.0 million to \$160.0 million under the expandable accordion feature in the program. The Company entered into this amendment to utilize the additional borrowing base provided by its current and potential growth in eligible accounts receivable balances.

Liquidity

As of July 31, 2016, the Company had \$49.3 million of available liquidity for working capital requirements as compared to \$27.0 million in the prior year period.

Conference Call and Webcast

A conference call and simultaneous webcast to discuss the fiscal 2016 third quarter financial results will be held today at 4:30 p.m. Eastern Time / 1:30 p.m. Pacific Time. Volt's President and CEO Michael Dean and CFO Paul Tomkins will host the conference call. Participants can listen in via webcast by visiting the Investor & Governance section of Volt's website at www.volt.com. Please go to the website at least 15 minutes early to register, download and install any necessary audio software. The conference call can also be accessed by dialing 877-407-9039 (201-689-8470 for international callers) and reference the "Volt Information Sciences Earnings Conference Call."

Following the call, an audio replay will be available beginning Thursday, September 8, 2016 at 7:30 p.m. Eastern Time through Thursday, September 22, 2016 at 11:59 p.m. Eastern Time. To access the replay, dial 877-870-5176 (858-384-5517 for international callers) and enter the Conference ID # 13643965. A replay of the webcast will also be available for 90 days upon completion of the call, accessible through the Company's website at www.volt.com in the Investors & Governance section.

About Volt Information Sciences, Inc.

Volt Information Sciences, Inc. is a global provider of staffing services (traditional time and materials-based as well as project-based), managed service programs, technology outsourcing services and information technology infrastructure services. Our staffing services consist of workforce solutions that include providing contingent workers, personnel recruitment services, and managed services programs supporting primarily professional administration, technical, information technology, light-industrial and engineering positions. Our managed service programs consist of managing the procurement and on-boarding of contingent workers from multiple providers. Our technology outsourcing services provide pre and post production development, testing and customer support to companies in the mobile, gaming, and technology devices industries. In addition, we provide information technology infrastructure services which provide server, storage, network and desktop IT hardware maintenance, data center and network monitoring and operations. Our complementary businesses offer customized talent, technology and consulting solutions to a diverse client base. Volt services global industries including aerospace, automotive, banking and finance, consumer electronics, information technology, insurance, life sciences, manufacturing, media and entertainment, pharmaceutical, software, telecommunications, transportation, and utilities. For more information, visit www.volt.com. For more information on VMC, visit www.vmc.com.

Forward-Looking Statements

This press release contains forward-looking statements that are subject to a number of known and unknown risks, including, among others, general economic, competitive and other business conditions, the degree and timing of customer utilization and rate of renewals of contracts with the Company, and the degree of success of business improvement initiatives that could cause actual results, performance and achievements to differ materially from those described or implied in the forward-looking statements. Information concerning these and other factors that could cause actual results to differ materially from those in the forward-looking statements are contained in company reports filed with the Securities and Exchange Commission. Copies of the Company's latest Annual Report on Form 10-K and subsequent Quarterly Reports on Form 10-Q, as filed with the Securities and Exchange Commission, are available without charge upon request to Volt Information Sciences, Inc., 1133 Avenue of the Americas, New York, New York 10036, Attention: Shareholder Relations, 212-704-7921. These and other SEC filings by the Company are also available to the public over the Internet at the SEC's website at <http://www.sec.gov> and at the Company's website at <http://www.volt.com> in the Investor & Governance section.

Adjusted EBITDA	\$ 737	\$ 3,409

(a) Includes interest income (expense) and other income (expense), net.

Note Regarding the Use of Non-GAAP Financial Measures

The Company has provided certain non-GAAP financial information, which includes adjustments for special items, as additional information for its consolidated income (loss) from continuing operations, segment operating income (loss) and adjusted EBITDA. These measures are not in accordance with, or an alternative for, generally accepted accounting principles ("GAAP") and may be different from Non-GAAP measures reported by other companies. The Company believes that the presentation of these Non-GAAP measures provides useful information to management and investors regarding certain financial and business trends relating to its financial condition and results of operations because it permits evaluation of the results of the Company's continuing operations without the effect of special items that management believes make it more difficult to understand and evaluate the Company's results of operations. Special items include impairments, restructuring and certain expenses or income not indicative of our current or future period performance and are more fully disclosed in the tables.
