

Marathon Appoints Fred Thiel to Board of Directors

Globally Experienced Public/Private Company CEO, Board Member, Strategic Advisor, Private Equity Firm Principal and Senior Advisor/Operating Partner with Over 30 Years' Experience Joins Marathon Team

LOS ANGELES, April 27, 2018 (GLOBE NEWSWIRE) -- Marathon Patent Group, Inc. (Nasdaq:MARA) ("Marathon" or the "Company"), today announced that it has appointed Fred Thiel to its Board of Directors. Mr. Thiel is a globally experienced public/private company CEO, board member, strategic advisor, private equity firm principal and senior advisor/operating partner with over 30 years' experience building high performance businesses and creating value through innovation and revenue growth – both domestically and internationally.

Thiel currently serves as Chairman and Co-founder of Sprocket, Inc., a Blockchain/Cryptocurrency technology and financial services company whose mission is to reduce the risk and friction of cryptocurrency trading across marketplaces, regions and exchanges by establishing a federation of exchanges that together create a single aggregated global trading marketplace with large scale liquidity, rapid execution, minimal counter-party risk, and price transparency.

Prior to that, Thiel served as Chairman and Chief Executive Officer of Local Corporation, an \$80 million NASDAQ listed leader in on-line local search and digital media, mobile search monetization and programmatic retargeting markets with over 240 million unique annual visitors.

Earlier in his career, he developed and implemented turn-around strategy as CEO of Gamespy Industries, Inc., where he hired new senior management team and instituted new management controls and processes that resulted in 63% Y/Y revenue growth and turn-around from five years of losses to solidly profitable operations and successfully positioned company for sale to similarly sized competitor in all-cash deal at high multiple. Eighteen months later Fox Interactive paid \$650 million for the combined companies.

During his career while holding the title of CEO across multiple companies, Thiel successfully created in excess of \$750 million in shareholder value; raised more than \$150 million through both public (IPO and secondary offerings) and private capital sources; led multiple successful corporate transformations resulting in highly accretive exits; built high output agile product development organizations; established corporate innovation groups resulting in the creation of new product businesses that generated significant new revenues in first year.

Merrick Okamoto, Marathon's Interim Chief Executive Officer and Chairman of the Board of

Directors, stated, “We’re excited to welcome Fred to our Board of Directors. His proven track record of success in creating value in both the public and private markets speaks for itself, making him ideally suited to fill the position on our board. I’m confident that his hands on and no-nonsense approach to value creation will benefit our shareholders.”

Fred Thiel added, “I look forward to playing an integral role in the future of Marathon as it continues to scale its cryptocurrency mining operations. With its recent commencement of operations at its Quebec facility, room for additional expansion, and it’s pending acquisition of Global Bit Ventures, I believe the Company is well positioned to further define itself as an emerging leader in the space.”
