Arotech Wins \$2.2 Million In Simulation Orders

ANN ARBOR, Mich., Aug. 28, 2013 /PRNewswire/ -- Arotech Corporation (NasdaqGM: ARTX), a provider of quality defense and security products for the military, law enforcement and homeland security markets, announced today that its simulation division has won \$2.2 million in various recent contracts awards and modifications to previous awarded contracts.

These awards are in addition to the recently-announced \$1.67 million award from the California Commission on Peace Officer Standards and Training.

"Our simulation division has been very active recently, winning a number of strategic contracts," commented Robert S. Ehrlich, Arotech's Chairman and Chief Executive Officer. "The wins were both expansions of existing contracts, demonstrating that our existing customer base continues to be a strong source of future business, and orders from new customers, which in addition to providing the new orders serves to broaden our base of satisfied customers."

About Arotech Corporation

Arotech Corporation is a leading provider of quality defense and security products for the military, law enforcement and homeland security markets, including multimedia interactive simulators/trainers and advanced zinc-air and lithium batteries and chargers. Arotech operates two major business divisions: Training and Simulation and Battery and Power Systems.
