Arotech Announces Selection of CCG as Its Investor Relations Firm

ANN ARBOR, MI -- (Marketwire) -- 01/28/13 -- *Arotech Corporation* (NASDAQ: ARTX), a provider of quality defense and security products for the military, law enforcement and homeland security markets, announced today that it has retained CCG Israel, an affiliate of CCG Investor Relations, to assist in its investor relations activities, starting February 1, 2013.

CCG will aid Arotech by being locally accessible to management and providing full access to the global investor community, with focus on US-based investors, through CCG's long-term and deep contacts.

"As our results improve and we begin to increasingly realize our potential, we have decided to upgrade our investor relations activities," commented Robert Ehrlich, Chairman and CEO of Arotech. "My aim is to better realize the true value of our company by increasing our transparency and communication levels with our existing shareholders and new investors. Shareholder relations are of critical importance to Arotech, and we are pleased to have retained CCG to assist in a new long-term comprehensive investor communications program."

"We are very impressed with the potential at Arotech," commented Kenny Green, Partner at CCG. "We are excited to begin working closely with management, providing consulting advice and support in all matters related to their investors. We also aim to expand and strengthen the company's investor base by introducing management to new investors while improving communications with existing investors. We look forward to a long-term relationship with Arotech."

About Arotech Corporation

Arotech Corporation is a leading provider of quality defense and security products for the military, law enforcement and homeland security markets, including multimedia interactive simulators/trainers and advanced zinc-air and lithium batteries and chargers. Arotech operates through two major business divisions: Training and Simulation, and Battery and Power Systems.

Arotech is incorporated in Delaware, with corporate offices in Ann Arbor, Michigan and research, development and production subsidiaries in Alabama, Michigan and Israel.
