Arotech Training And Simulation Division Receives \$6.3 Million In New Orders

ANN ARBOR, Mich., Aug. 7, 2014 /PRNewswire/ -- Arotech Corporation [Nasdaq GM: ARTX] announced that its Training and Simulation Division (ATSD) has received \$6.3 million in new orders. These orders were from a number of defense and municipal customers for various simulation products and systems across ATSD's operating units. The awards were highlighted by continued support contracts for FAAC's weapon employment software, university and transit department driving simulators, and an order for MILO Response, a new application of the Company's MILO judgment skills system to train emergency medical technicians.

Commented Mr. Robert S. Ehrlich, Chairman and CEO of Arotech, "Following the large VCTS follow on order that we received early in the second quarter, we are pleased that our Training and Simulation Division continues its strong performance. These orders add to Arotech's already strong backlog, providing us with a high level of confidence in our future growth."

About Arotech's Training and Simulation Division

Arotech's Training and Simulation Division (ATSD) provides world-class simulation based training solutions. ATSD develops, manufactures, and markets advanced high-tech multimedia and interactive digital solutions for engineering, use-of-force, and operator training simulations for military, law enforcement, security, municipal and private industry personnel. The division's fully interactive operator training systems feature state-of-the-art vehicle simulator technology enabling training in situation awareness, risk analysis and decision-making, emergency reaction and avoidance procedures, conscientious equipment operation, and crew coordination. The division's use-of-force training products and services allow organizations to train their personnel in safe, productive, and realistic environments. The division provides consulting and developmental support for engineering simulation solutions. The division also supplies pilot decision-making support software for the F-15, F-16, F-18, F-22, and F-35 aircraft, simulation models for the ACMI/TACTS air combat training ranges, and Air-Refueling Boom Arm simulators.

Arotech's Training and Simulation Division consists of FAAC Incorporated (www.faac.com), MILO Range Training Systems (www.milorange.com), and Realtime Technologies (www.simcreator.com).

About Arotech Corporation

Arotech Corporation is a leading provider of quality defense and security products for the military, law enforcement and homeland security markets, including multimedia interactive simulators/trainers and advanced zinc-air and lithium batteries and chargers. Arotech operates two major business divisions: Training and Simulation and Battery and Power Systems.

Arotech is incorporated in Delaware, with corporate offices in Ann Arbor, Michigan, and research, development and production subsidiaries in Alabama, Michigan, South Carolina and Israel. For more information on Arotech, please visit Arotech's website at www.arotech.com.
