

Marathon Patent Group Announces Reverse Stock Split

LOS ANGELES, April 05, 2019 (GLOBE NEWSWIRE) -- Marathon Patent Group, Inc. (NASDAQ: [MARA](#)) ("Marathon" or "Company"), today announced that effective at 9:00 a.m., EDT, on April 8, 2019, the Company will effect a four-for-one reverse stock split of its outstanding common stock.

The authority to implement a reverse stock split was approved by the Company's stockholders at the Special Meeting of Stockholders held on December 11, 2018, and the Company's Board of Directors subsequently adopted the reverse stock split. Upon the effectiveness of the reverse stock split, every four shares of issued and outstanding common stock before the open of business on April 8, 2019 will be combined into one issued and outstanding share of common stock, with no change in par value per share. The Company's common stock will open for trading on Nasdaq on April 8, 2019 on a post-split basis.

The reverse stock split is primarily intended to bring the Company into compliance with the minimum average closing share price requirement for maintaining its listing on the Nasdaq Capital Market. The Company's common stock will continue to trade under the symbol "MARA".

The reverse stock split will reduce the number of shares of the Company's outstanding common stock from approximately 25,519,940 million shares to approximately 6,379,985 million shares. No fractional shares will be issued as a result of the reverse stock split. Any fractional shares that would result from the reverse stock split will be rounded up to the nearest whole share.

Shareholders holding share certificates will receive information from Equity Stock Transfer, the Company's transfer agent, regarding the process for exchanging their shares of common stock. Shareholders with questions may contact our transfer agent by calling 212-575-5757.
