VSE Corporation Appoints Benjamin E. Thomas Aviation Segment President

ALEXANDRIA, Va.--(BUSINESS WIRE)-- VSE Corporation (NASDAQ: VSEC), a leading provider of distribution and maintenance, repair and overhaul (MRO) services for land, sea and air transportation assets in the public and private sectors, today named Benjamin E. Thomas as President of the Company's Aviation Segment, reporting to President and CEO John Cuomo. Mr. Thomas' appointment is effective mid-October 2020.

Mr. Thomas is an aviation industry veteran with deep experience in the aftermarket distribution and services sectors. He will assume responsibility for the Aviation Segment, including ownership of the strategic oversight of the MRO services and product distribution businesses, as well as sourcing, customer relationships, capital allocation and acquisitions. Previously, Mr. Thomas managed aftermarket growth strategies in the aerospace consumables market for Boeing Global Services and KLX Aerospace Solutions ("KLX"). At Boeing, he led a multi-national \$2 billion product line, strategy and integration team. As a corporate vice president at KLX, Mr. Thomas had a similar role and was additionally responsible for aftermarket sales, e-commerce and pricing strategy. Mr. Thomas has a track record of consistent, market-leading growth achievements, including both organic and acquisition-related initiatives. He has a master's degree in business administration from Harvard Business School and a bachelor's degree in industrial and systems engineering from the University of Southern California.

VSE President and Chief Executive Officer John Cuomo said, "Ben is an exceptional business leader whose deep aftermarket expertise and industry relationships position him as a valued addition to our executive team. Our Aviation Segment remains an important long-term growth engine for VSE, particularly as we continue to expand our product and service offering with both new and existing customers in global markets. Given Ben's track record of value creation, he is well-suited to lead the ongoing transformation of this segment."
