LiveDeal Products Now Featured on Amazon.com

LAS VEGAS, March 27, 2015 /PRNewswire/ - LiveDeal Inc. (NASDAQ:LIVE) ("LiveDeal" or the "Company"), a publicly traded company that operates livedeal.com, a geo-location based mobile marketing platform that enables restaurants to publish "real-time" and "instant offers" to nearby consumers, today announces that numerous consumer products offered by LiveDeal and ModernEveryday are now available on amazon.com.

"Offering LiveDeal products on Amazon provides the company with a variety of advantages. Not the least of these includes expanding our exposure to the more than 700 million Amazon users who now have access to LiveDeal's offerings, as well as the fact that there are no additional costs to the Company to gain this access," said Jon Isaac, CEO of LiveDeal. "Combined with our recently launched e-commerce platform, certain of the back-end enhancements we've made to the company, including updating our proprietary software to help track and predict consumer demand, as well as bringing manufacturing of many of our high-profit products in-house, we anticipate that this initiative will help continue to strengthen the bond we have created with LiveDeal customers, while increasing revenue and enhancing shareholder value."
