"We're proud to be named to the CRN MSP500 Elite 150 for the fifth consecutive year," said Mark Meller, CEO of both SilverSun and SWK. "Our team has done a remarkable job during the Covid-19 pandemic. As the "work-from-home" paradigm has become part of every company's reality over this past year, our Managed Cloud Services division has ensured that our customers can in fact work remotely, accessing their data and mission critical applications safely and securely from both home and the road. This has enabled these companies to effectively work and collaborate remotely while simultaneously maintaining the health and safety of their employees. Whether in cybersecurity, application hosting, business continuity, disaster recovery or helpdesk, the SWK team enables the success of our customers by helping them realize value for their IT investments each and every day."

The MSP 500 list will be featured in the February 2021 issue of CRN and can be found online at www.CRN.division com/msp500.
