#### Fiscal First Quarter 2018 Financial Results

Total net revenues for the first quarter of fiscal 2018 were \$12.8 million, compared with \$17.1 million in the prior year period. The decrease in total net revenues was primarily due to a decrease in license fees of \$5.3 million which was offset by an increase in services revenue of \$1.2 million.

- Total license fees were \$370,000, compared with \$5.7 million in the prior year period.
- Total maintenance fees were \$3.6 million, compared with \$3.7 million in the prior year period.
- Total services revenues were \$8.9 million, compared with \$7.7 million in the prior year period.

Gross profit for the first quarter of fiscal 2018 was \$4.8 million (or 37.5% of net revenues), which was down from \$8.2 million (or 47.8% of net revenues) in the first quarter of fiscal 2017. The decrease in gross profit was primarily due to a \$4.3 million decrease in total net revenues offset by a \$901,000 decrease in cost of revenues for the quarter. The decrease in

cost of revenues was primarily due to a decrease in salaries and consultant costs of \$429,000 related to the right sizing of technical employees at key locations including Pakistan, Thailand, China, UK and North America.

Operating expenses for the first quarter of fiscal 2018 decreased 19.1% to \$5.9 million (or 46.3% of net revenues) from \$7.3 million (or 42.9% of net revenues) for the first quarter of fiscal 2017. The decrease in operating expenses was primarily due to cost reduction in selling and marketing expenses, salaries and wages, depreciation, and professional services.

GAAP net loss attributable to NETSOL for the first quarter of fiscal 2018 totaled \$369,000 or \$(0.03) per diluted share, compared with net loss of \$386,000 or \$(0.04) per diluted share in the first quarter of fiscal 2017.

Non-GAAP adjusted EBITDA for the first quarter of fiscal 2018 totaled \$970,000 or \$0.09 per diluted share, compared with \$1.3 million or \$0.12 per diluted share in the first quarter of fiscal 2017 (see note regarding "Use of Non-GAAP Financial Measures," below for further discussion of this non-GAAP measure).

At September 30, 2017, cash and cash equivalents were \$8.6 million, compared with \$14.2 million at the end of the prior quarter.

#### **Stock Repurchase Program**

On July 18, 2017, NETSOL's board of directors approved a stock repurchase program that authorizes repurchases of up to one million shares of its common stock through December 16, 2017. Under the program, the company may repurchase its common stock in the open market from time-to-time, in amounts, at prices, and at such times as the company deems appropriate, subject to market conditions and federal and state laws governing such transactions. NETSOL expects to fund the repurchase with its existing cash balance and cash generated from operations. To date, the company has repurchased 139,275 shares of its common stock at an aggregate value of \$601,000.

#### **Management Commentary**

"The fiscal first quarter, while historically our slowest due to traditional seasonality, was another productive period in our development, giving us increased optimism about the future for NETSOL and our core product NFS Ascent," said company founder, chairman and Chief Executive Officer Najeeb Ghauri. "Despite continued elongated sales cycles, we remain encouraged with Ascent's robust pipeline, making additional progress and receiving continued demand from many existing and new partners during the quarter. In the meantime, we are realizing significant cost reductions related to our operational efficiency initiatives, which we began last December. In fact, during the first quarter we achieved \$2.3 million in cost savings directly tied to these measures.

"Moving forward, our focus remains on positioning NETSOL to be able to effectively capitalize on the significant long-term opportunity in the massive global asset finance and leasing industry while also profitably scaling our business."
