CEO of Arcadian Telepsychiatry Services Invited by URAC to Present at the 2019 Telemed Leadership Forum

Transforming Healthcare Delivery

MISSION VIEJO, Calif., March 18, 2019 (GLOBE NEWSWIRE) -- **MYnd Analytics, Inc. (NASDAQ: MYND)**, a predictive analytics and telehealth company aimed at improving the delivery of mental health through the combination of telemedicine and data analytics, today announced that its wholly owned subsidiary, Arcadian Telepsychiatry Services LLC, has been invited to present at the 2019 Telemed Leadership Forum, entitled, "Transforming Healthcare Delivery," in Washington, DC, on April 3-5, 2019. The Forum is hosted by the Utilization Review Accreditation Commission (URAC).

Robert Plotkin, Chief Executive Officer and Founder of Arcadian, will present a company overview on Thursday, April 4th at 3:30pm ET followed by a panel discussion entitled, "Models of Tele-Behavioral Health Services," on Thursday April 4th at 4:15pm ET. Mr. Plotkin plans to discuss how technology is being used to improve behavioral healthcare and reduce overall costs to the healthcare system.

This event is designed for physicians and leaders in hospitals and health systems, health plans, academic medical centers, telehealth providers and networks, as well as government regulators and policymakers. The sessions, which include a mix of panel discussions and presentations, provide solid, innovative and valuable information on how telehealth is transforming healthcare delivery. With the growth in telehealth, data and technology, this Forum is an opportunity for healthcare leaders to share, learn and discuss empirical evidence for the value of telehealth across specialties. Additional information about the event is available at: <https://telemed.org/>.

About MYnd Analytics

MYnd Analytics, Inc. (www.myndanalytics.com), with its wholly owned subsidiary Arcadian

Telepsychiatry Services LLC, is a technology-enabled telepsychiatry and teletherapy company that provides enhanced access to behavioral health services, improves patient outcomes and helps lower the costs associated with behavioral health issues. The MYnd Psychiatric EEG Evaluation Registry (PEER) is a predictive analytics decision support tool that helps physicians reduce trial and error treatment for behavioral health conditions. PEER provides the physician a personalized care plan with recommended treatment options based on a patient's unique brain markers, reducing treatment time and treatment costs. Arcadian Telepsychiatry Services LLC provides a suite of complementary telemedicine services that can be combined with PEER, including telepsychiatry, teletherapy, digital patient screening, curbside consultation, on-demand services, and scheduled encounters for all age groups. MYnd's customers include major health plans, health systems, and community-based organizations.
