

Company Overview

Energous Corporation has developed WattUp®, a groundbreaking RF-based charging technology that will fundamentally change the way you think about charging your portable electronic devices. The WattUp wire-free charging system delivers energy over the air in your home, office, car or practically any other space you can imagine via a contained energy pocket. Mobile, wire-free power management means freedom from cords or stationary charging pads, and the potential freedom from worrying about running out of battery life altogether.
