Management Commentary

"As indicated in our pre-announcement, our third quarter results showed the strength of our well-diversified brand portfolio," said Clarus President John Walbrecht. "Black Diamond sales continued to improve and ended the third quarter down only 8% year-over-year, and sales for Sierra increased 135% to a record \$15.1 million. These results were supported by our well-defined strategy of preserving brand equity while continuing to execute on our 'innovate & accelerate' playbook across our portfolio of brands.

"Subsequent to the third quarter, we welcomed Barnes Bullets—our newest 'super fan' brand—to our platform. Barnes embodies the traits we seek in an acquisition, including a rich history of innovation and strong brand awareness amongst the core, yet untapped market potential. Leveraging our balance sheet, we expect to execute the same playbook to drive accelerated growth and market share expansion with Barnes that we've done with both Black Diamond and Sierra. We look forward to ending 2020 on a strong note and continuing our momentum into 2021."

Third Quarter 2020 Financial Results

Sales in the third quarter increased 7% to \$64.5 million compared to \$60.2 million in the

same year-ago quarter. Black Diamond sales were down 8% and Sierra sales were up 135%. The decrease in Black Diamond was primarily due to lower levels of retail demand due to COVID-19. The increase in Sierra was due to sales improvements across every channel and region. Sales in the Company's direct-to-consumer channel were up 24%. On a constant currency basis, total sales were up 7%.

Gross margin in the third quarter decreased 50 basis points to 33.6% compared to 34.1% in the year-ago quarter due to unfavorable impacts on the Company's supply chain and logistics as a result of COVID-19.

Selling, general and administrative (SG&A) expenses in the third quarter increased 14% to \$18.7 million compared to \$16.4 million in the year-ago quarter primarily due to higher stock-based compensation given Clarus' stock price appreciation during the quarter. Black Diamond brand SG&A was down 11% due to cost saving initiatives. Sierra SG&A was up 14% due to the strong sales growth.

Net income in the third quarter was \$1.2 million, or \$0.04 per diluted share, compared to \$3.5 million or \$0.11 per diluted share, in the year-ago quarter. The decrease included \$6.6 million of non-cash charges and \$1.4 million in transaction costs compared to \$2.5 million of non-cash charges and minimal transaction costs in the same year-ago quarter.

Adjusted net income in the third quarter, which excludes the non-cash items and transaction costs, was \$9.2 million, or \$0.30 per diluted share, compared to an adjusted net income of 6.0 million, or \$0.19 per diluted share, in the same year-ago quarter. Adjusted EBITDA in the third quarter increased 34% to \$9.1 million compared to \$6.8 million in the same year-ago quarter.

Net cash provided by operating activities for the third quarter ended September 30, 2020 was \$6.6 million compared to \$(4.0) million in the prior year. Capital expenditures in the third quarter were \$1.6 million compared to \$0.8 million in the same year-ago period. Free cash flow for the quarter ended September 30, 2020 was \$5.0 million compared to \$(4.9) million in the same year-ago period.

Liquidity at September 30, 2020 vs. December 31, 2019

- Cash and cash equivalents totaled \$17.0 million compared to \$1.7 million.
- Total debt of \$41.1 million compared to \$22.7 million and reflected the full purchase price of Barnes Bullets of \$30.5 million, which was acquired on October 2, 2020.
- Remaining access to \$38.9 million on the Company's revolving line of credit.
- Net debt leverage ratio of 1.3x compared to 0.9x.

2020 Outlook

Clarus anticipates sales in the fourth quarter of 2020 to range between \$67.5 million and \$69.0 million, up 11% to 13% compared to \$61.0 million in the fourth quarter of 2019.

Net Operating Loss (NOL)

The Company estimates that it has available NOL carryforwards for U.S. federal income tax purposes of approximately \$132 million. The Company's common stock is subject to a rights agreement dated February 7, 2008 that is intended to limit the number of 5% or more

owners and therefore reduce the risk of a possible change of ownership under Section 382 of the Internal Revenue Code of 1986, as amended. Any such change of ownership under these rules would limit or eliminate the ability of the Company to use its existing NOLs for federal income tax purposes. However, there is no guaranty that the rights agreement will achieve the objective of preserving the value of the NOLs.
