Finjan Provides Fourth Quarter 2019 Shareholder Update and Announces the Close of its Strategic Options Process

Company to Host Conference Call to Discuss Results on March 4th at 1:30 PM PT/4:30 PM ET

EAST PALO ALTO, Calif., March 04, 2020 (GLOBE NEWSWIRE) -- [Finjan Holdings, Inc.](#) (NASDAQ:FNJN), a pioneer in cybersecurity, is providing shareholders with a financial update for the fourth quarter ended December 31, 2019. Additional updates regarding Finjan's business and operating subsidiaries will be discussed in more detail during the conference call scheduled for today at 1:30 p.m. PT/4:30 p.m. ET.

"2019 was a year of exploration and preparation for Finjan as we evaluated growth opportunities and partnerships through our strategic options process, progressed our licensing program and prepared for several upcoming trials, which commence next week with ESET," said Phil Hartstein, President and CEO of Finjan. "In the fourth quarter we sold our limited partner interest in JVP's cybersecurity fund as we continued to align our expenses with our current business needs and, in addition, settled with BitDefender which allows us to more acutely focus on the ESET and Cisco trials in the first half of 2020."

Also, Finjan announced today that after a thorough exploration of various strategic options with its financial and legal advisors, the Board resolved to bring the process to a close and focus management on its plan of record as an independent company. This process was initiated by the Finjan Board in August of 2018 and Atlas Technology Group was engaged to help solicit and evaluate the opportunities.

"As our stockholders are well aware, the Board of Directors has been thoroughly evaluating all of our strategic options for Finjan for over a year," said Daniel Chinn, Chairman of Finjan Holdings. "After a broad process and careful consideration of the various alternatives, the Board believes remaining an independent entity is currently the best available outcome for Finjan stockholders. We appreciate the incredible patience and support from all of our investors throughout this process. While the external process has closed, Finjan will continue to identify opportunities to drive value and returns for Finjan shareholders."
