LiveDeal Inc. To Sponsor Radio Campaigns Nationwide to Support Local Restaurant Partners

Lake Tahoe, CA-based KHTO Radio To Serve As Pilot Market

LAS VEGAS, March 3, 2015 /PRNewswire/ - LiveDeal Inc. (NASDAQ:LIVE) ("LiveDeal" or the "Company"), a publicly traded company that operates livedeal.com, a geo-location based mobile marketing platform that enables restaurants to publish "real-time" and "instant offers" to nearby consumers, today announces the initiation of a new program where LiveDeal will sponsor air time on local radio stations to support its restaurant partners in those areas.

The program will begin on KHTO-FM, 96.1 in Lake Tahoe, California, as part of the station's existing daily feature, "Tahoe Restaurant Guide." This is an exclusive deal between KHTO and LiveDeal, where the company will be the sole sponsor of the Tahoe Restaurant Guide. The station has committed to feature LiveDeal partners free of charge for the first few weeks.

"We looked at all the major deal, coupon and voucher companies representing the restaurant industry in making the decision about who we felt would be the station's best choice to partner with on this project," said Mike Stallings, general manager, KHTO-FM. "We chose LiveDeal over other options because they provided the best restaurant options to our listeners. They also offered the individual restaurants a significantly better platform to extend awareness into the community, while having complete control over the timing and duration of the offers they make to bring in additional customers when they are needed the most."

LiveDeal intends to expand its reach in other key markets based on what the company's executives learn from the KHTO deal in the coming weeks.

"LiveDeal continues to find new ways to reach both consumers and new restaurant partners by providing opportunities for savings, and innovative partner initiatives," said Jon Isaac, CEO of LiveDeal. "Our goal is to establish our leadership over other deal providers by ensuring that we are constantly innovating, all while providing significant shareholder value to our investors."
