

The ONE Group Reports Third Quarter 2024 Financial Results

Increased Revenue by 152% to \$194 Million Supported by Effective Cost Management Implemented \$19 Million in Annual Savings to be Realized Over Next Year, Total of \$20 Million Over Next Two Years

Focused on Next Phase of Company-Owned Growth and Asset Light Development Prioritizing Free Cash Flow Generation, Balance Sheet Flexibility, and Maximizing Shareholder Returns

DENVER--(BUSINESS WIRE)-- The ONE Group Hospitality, Inc. ("The ONE Group" or the "Company") (Nasdaq: STKS) today reported its financial results for the third quarter ended September 30, 2024.

Highlights for the third quarter 2024 compared to the same quarter in 2023 are as follows (the prior year quarter excludes any contribution from the acquisition of Benihana *Inc. which closed in May 2024*):

- Total GAAP revenues increased 152.3% to \$194.0 million from \$76.9 million;
- **Comparable sales*** decreased 8.8%;
- **Operating loss** was \$3.0 million vs. \$2.0 million and includes \$7.1 million in transition, transaction and integration expenses associated with the acquisition of Benihana and RA Sushi;
- Restaurant Operating Profit** increased 175.6% to \$25.1 million from \$9.1 million; and
- Restaurant Operating Profit Margin** increased 90 basis points to 13.2% from 12.3%

"With the addition of Benihana and RA Sushi, we increased our revenue \$117 million to a record \$194 million as we continue to grow a scalable platform with exciting VIBE and entertainment centric dining brands. During the quarter, I was encouraged by our team's ability to manage costs effectively. Operating profit growth exceeded revenue growth as we improved year-over-year margins at Benihana through supply chain synergies, benefitted from their higher margin contribution, and exhibited tight cost management within our preexisting business. Within the last sixty days we opened three Company-owned locations, all of which are off to terrific starts," said Emanuel "Manny" Hilario, President and Chief Executive Officer.

"We are pleased with our progress in integrating Benihana and RA Sushi and have already implemented \$19 million in annual savings between eliminating duplicate administrative costs and leveraging operational and supply chain synergies that will be realized over the next year. Over the next two years, we expect additional efficiencies, bringing our total savings to at least \$20 million," Hilario added.

"We are laser focused on our balance sheet, finishing the quarter with strong liquidity of over \$70 million. Looking ahead, we are beginning the next phase of growth and plan to open five to six Company-owned locations annually while focusing on the asset light development of managed and licensed STKs and Kona Grills and franchised Benihanas. We are prioritizing free cash flow generation, balance sheet flexibility and maximizing shareholder returns," Hilario concluded.

*Comparable sales represent total U.S. food and beverage sales at owned and managed units, a non-GAAP financial measure, opened for at least a full 24-months. This measure includes total revenue from our owned and managed locations. The Company monitors sales growth at its established restaurant base in addition to growth that results from restaurant acquisitions and new restaurant openings. Refer to the reconciliation of GAAP revenue to total food and beverage sales at owned and managed units in this press release.

**We define Restaurant Operating Profit as owned restaurant net revenue minus owned restaurant cost of sales and owned restaurant operating expenses. Restaurant Operating Profit has been presented in this press release and is a supplemental measure of financial performance that is not required by, or presented in accordance with, GAAP. Refer to the reconciliation of Operating income to Restaurant Operating Profit in this press release.

Restaurant Development

So far this year, we have opened five new Company-owned restaurants consisting of two STKs, one Kona Grill, one RA Sushi and one Salt Water Social.

As of the date of this report, the following restaurants have opened this year:

Owned STK restaurant in Washington DC	March 2024
Owned RA Sushi restaurant in Plantation, Florida	July 2024
Owned Kona Grill restaurant in Tigard, Oregon	September 2024
Owned STK restaurant in Aventura, Florida	October 2024
Owned Salt Water Social restaurant in Denver, Colorado	November 2024

For the remainder of the fourth quarter of 2024, we expect to open a managed STK in Niagara Falls.

There are currently two Company-owned STK restaurants and one Company-owned Benihana restaurant under construction that are expected to open in 2025. They are located in the following cities:

- Owned STK restaurant in Topanga, California
- Owned STK restaurant in Westwood, California (relocation of the existing STK)
- Owned Benihana restaurant in San Mateo, California

As part of the integration process between Kona Grill and RA Sushi, we are realizing synergies by optimizing the restaurant portfolio and closed four RA Sushi locations in October, three of which were in markets with existing Kona Grills. We expect to retain a significant portion of the delivery and takeout business these restaurants generated through our nearby Kona Grill locations, supporting improved margins in our grill segment.

Liquidity and Share Repurchase Program

We ended the quarter with \$36.2 million in cash and short-term credit card receivables and \$34.1 million available under its revolving credit facility. Under the current conditions, our credit facility does not have any financial covenants.

In March 2024, our Board of Directors authorized a \$5 million share repurchase program. During the third quarter of 2024, we spent \$2.3 million for the repurchase of 0.6 million shares.

2024 Targets

We are updating our 2024 targets, which are inclusive of the acquisition of Benihana.

*We have not reconciled guidance for Consolidated Adjusted EBITDA to the corresponding GAAP financial measure because we do not provide guidance for the various reconciling items. We are unable to provide guidance for these reconciling items because we cannot determine their probable significance, as certain items are outside of our control and cannot be reasonably predicted since these items could vary significantly from period to period. Accordingly, reconciliations to the corresponding GAAP financial measure are not available without unreasonable effort.

**We define Adjusted EBITDA as net income before interest expense, provision for income taxes, depreciation and amortization, non-cash impairment loss, non-cash rent expense, non-recurring gains and losses, stock-based compensation, transaction and exit costs and transition and integration expenses. Starting in Q3 2024, pre-opening expenses will no longer be deducted from Adjusted EBITDA. Adjusted EBITDA has been presented in this press release and is a supplemental measure of financial performance that is not required by, or presented in accordance with, GAAP. Refer to the reconciliation of Net Income to Adjusted EBITDA in this press release.

Non-GAAP Definition Changes

We have evolved our definition of non-GAAP financial measures starting in Q3 2024. We use certain non-GAAP measures in analyzing operating performance and believe that the presentation of these measures provides investors and analysts with information that is beneficial to gaining an understanding of the Company's financial results. Non-GAAP disclosures should not be viewed as a substitute for financial results determined in accordance with GAAP.

We exclude items management does not consider in the evaluation of its ongoing core operating performance from adjusted net income, adjusted net income per share, and Adjusted EBITDA.

Starting in Q3 2024, we will no longer deduct pre-opening expenses from Adjusted EBITDA.

Reconciliations of these non-GAAP measures are included under "Reconciliation of Non-GAAP Measures" in this press release.

Cautionary Statement on Forward-Looking Statements

This press release includes "forward-looking statements" within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995, including with respect to the impact of the Benihana acquisition, restaurant openings and 2024 financial targets. Forward-looking statements may be identified by the use of words such as "target," "intend," "anticipate," "believe," "expect," "estimate," "plan," "outlook," and "project" and other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. A number of factors could cause actual results or outcomes to differ materially from those indicated by such forward-looking statements, including but not limited to: (1) our ability to integrate the new or acquired restaurants into our operations without disruptions to operations; (2) our ability to capture anticipated synergies; (3) our ability to open new restaurants and food and beverage locations in current and additional markets, grow and manage growth profitably, maintain relationships with suppliers and obtain adequate supply of products and retain employees; (4) factors beyond our control that affect the number and timing of new restaurant openings, including weather conditions and factors under the control of landlords, contractors and regulatory and/or licensing authorities; (5) our ability to successfully improve performance and cost, realize the benefits of our marketing efforts and achieve improved results as we focus on developing new management and license deals; (6) changes in applicable laws or regulations; (7) the possibility that The ONE Group may be adversely affected by other economic, business, and/or competitive factors; and (8) other risks and uncertainties indicated from time to time in our filings with the Securities and Exchange Commission, including our Annual Report on Form 10-K filed for the year ended December 31, 2023 and Quarterly Reports on Form 10-Q.

Investors are referred to the most recent reports filed with the Securities and Exchange Commission by The ONE Group Hospitality, Inc. Investors are cautioned not to place undue reliance upon any forward-looking statements, which speak only as of the date made, and we undertake no obligation to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.

Reconciliation of Non-GAAP Measures

We prepare our financial statements in accordance with generally accepted accounting principles (GAAP). In this press release, we also make references to the following non-GAAP financial measures: total food and beverage sales at owned and managed units, Adjusted EBITDA, Restaurant Operating Profit and Adjusted Net Income (Loss).

Total food and beverage sales at owned and managed units. Total food and beverage sales at owned and managed units represents our total revenue from our owned operations as well as the revenue reported to us with respect to sales at our managed locations, where we earn management and incentive fees at these locations. We believe that this measure represents a useful internal measure of performance as it identifies total sales associated with our brands and hospitality services that we provide. Accordingly, we include this non-GAAP measure so that investors can review financial data that management uses in evaluating performance, and we believe that it will assist the investment community in assessing performance of restaurants and other services we operate, whether or not the operation is owned by us. However, because this measure is not determined in accordance with GAAP, it is susceptible to varying calculations and not all companies calculate these measures in the same manner. As a result, this measure as presented may not be directly comparable to a similarly titled measure presented by other companies. This non-GAAP measure is presented as supplemental information and not as an alternative to any GAAP measurements. The following table includes a reconciliation of our GAAP revenue to total food and beverage sales at our owned and managed units (in thousands):

Adjusted EBITDA. We define Adjusted EBITDA as net income before interest expense, provision for income taxes, depreciation and amortization, non-cash impairment loss, non-cash rent expense, non-recurring gains and losses, stock-based compensation, certain transactional and exit costs and transition and integration expenses. Not all the aforementioned items defining Adjusted EBITDA occur in each reporting period but have been included in our definitions of terms based on our historical activity. Adjusted EBITDA has been presented in this press release and is a supplemental measure of financial performance that is not required by, or presented in accordance with, GAAP.

(1) From the Company's 8-K/A filed on July 17, 2024, revised for the Company's definition of Adjusted EBITDA.

Restaurant Operating Profit. We define Restaurant Operating Profit as owned restaurant net revenue minus owned restaurant cost of sales and owned restaurant operating expenses.

We believe Restaurant Operating Profit is an important component of financial results because: (i) it is a widely used metric within the restaurant industry to evaluate restaurant-level productivity, efficiency, and performance, and (ii) we use Restaurant Operating Profit as a key metric to evaluate our restaurant financial performance compared to our competitors. We use these metrics to facilitate a comparison of our operating performance on a consistent basis from period to period, to analyze the factors and trends affecting our business and to evaluate the performance of our restaurants.

Adjusted Net Income. We define Adjusted Net Income as net income before transaction and exit costs, transition and integration expenses, lease termination expenses, one-time stock-based compensation, non-recurring costs and the income tax effect of any adjustments.

We believe that Adjusted Net Income is an appropriate measure of operating performance, as it provides a clear picture of our operating results by eliminating certain one-time expenses that are not reflective of the underlying business performance. Adjusted Net Income is included in this press release because it is a key metric used by management, and we believe that it provides useful information facilitating performance comparisons from period to period. Adjusted Net Income has limitations as an analytical tool and our calculation thereof may not be comparable to that reported by other companies; accordingly, you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP.
